Immigrants and Refugees at German Universities Lisa Unangst, 2024-07-22 This book takes a critical and historical perspective in parsing the current state of play for refugee and immigrant students in Germany addressing federal state and institutional innovations as well as gaps in service Drawing from de post anticolonial theory it considers the levels of support for diverse groups including migrants refugees and racialized Germans investigating why a comparatively well resourced higher education system has to date selectively invested in the support of some marginalized groups It calls for the

reconsideration of policy and programmatic support drawing from emerging best practice across states and higher education institutions HEIs Using historical analysis federal and state level policy documents institutional equal opportunity plans and student facing websites reporting and first person accounts of marginalized students both prospective and enrolled this critically oriented work interrogates how and why the world s fourth largest economy and its primarily public higher education system have failed to engage systemic change with an eye towards addressing mechanisms of exclusion including racialization and xenophobia It concludes with a consideration of possible policy interventions supporting these minoritized student groups who are essential not only to German learning and economy but also to the rebuilding of conflict states This volume will appeal to researchers scholars and practitioners working across comparative and international higher education crisis education and education in emergencies as well as diversity specialists **Exploring Microsoft Office Word 2003**
