Midnight and Moonlight are complete opposites They like different things Midnight is an adventurer who likes to play outside during the day Moonlight would prefer to stay indoors and sleep all day and play at night Midnight likes to find his own food and Moonlight likes his water in a special place made just for him Midnight climbs trees and catches mice Moonlight likes to be cradled and in an excellent guardian of the aquarium These two cats met in a pet store and made friends on the way home in the box they shared And it is because they are best friends that none of these differences matter That s what friendship does it erases the differences Engineering Bulletin ,1909 *Public Documents of Massachusetts* Massachusetts,1894
