Taneja, 2023-11-07 While airlines have been looking into the next generation of retailing practices for several years developments since the beginning of 2020 have accelerated the need to take retailing to a new paradigm A singular focus now is the ever changing demands of the current and next generation of customers and employees and managing their values Examples of customer needs include a mobile first approach rich content augmented and personalized end to end services with seamless consistent and contextualized experiences While these concepts of retailing are not new the challenge has been in bringing them to reality due to a the constraints of legacy systems and processes while transitioning to next generation retailing systems b the inaccessibility of real time data coming from a wide variety of sources such as online shopping social media and operations c the inability to monitor real time behavior of customers and employees d the lack of effective collaboration and cooperation within the travel ecosystem and e the increasing lack of trust on the part of customers This book provides a framework and technologies to convert retailing concepts from shopping to fulfillment into reality by a renovating an airline s core and ancillary products b progressing faster on digital and organizational transformation journeys to make better data based decisions about retailing c getting better at managing customer value by knowing who the customers are d empowering supporting and listening to employees to meet their expectations e asking the right questions to solve complex retailing problems relating to customers competitors and stakeholders and f questioning common held beliefs about the airline business This book is indispensable for all airline executives and senior managers as well as airline and airport commercial managers It will also be enormously beneficial for retailers dealing with airlines and airports **Change from the Inside Out** Erika Andersen, 2021-10-26 Change initiatives fail because humans are hardwired

to return to what s worked for us in the past This book offers a straightforward process for rewiring ourselves and those we lead to be more change capable Erika Andersen says avoiding change has been a historical imperative In this book she shows how we can overcome that reluctance and get good at making necessary change Using a fictional story about a jewelry business changing generational hands Andersen lays out a five step model for addressing both this human side of change and its practical aspects Step 1 Clarify the change and why it s needed Get clear on what the change is and the benefits it will bring Step 2 Envision the future state Build a shared picture of the post change future Step 3 Build the change Bring together a change team engage key stakeholders and plan the change Step 4 Lead the transition Build a transition plan that supports the human side of the change then engage the whole organization in making the change Step 5 Keep the change going Work to make your organization permanently more change capable With opportunities to self reflect and try out the ideas and approaches throughout this book is a practical guide to thriving in this era of nonstop change **De Gruyter**

**Handbook of Media Technology and Innovation** Richard A. Gershon, 2025-01-27 The De Gruyter Handbook of Media Technology and Innovation brings together scholars from around the world to provide key insights on emerging technology trends and issues related to the fields of media management information technology product design planning and digital lifestyle This handbook is about the power of good ideas It s about those business enterprises government planners educators and entrepreneurs that have harnessed the power of good ideas to become real difference makers in the world we live in Keeping pace with fast paced technology change requires ongoing assessment and reassessment of the media management and technology fields to address important questions and emerging issues A major premise of this book is that given the complex and ever changing state of media technology we have a responsibility and obligation to engage in a broader interdisciplinary dialogue whose purpose is to understand the current and future state of media technology and innovation as well as to appreciate the social impact that such technologies have on business education and the general public Forecasting the future as any weatherperson or stock broker can tell you is a risky business But in this book we use the phrase the creative next step as a way to talk about the future and what we can expect in terms of the opportunities and challenges going forward
