Superhero Blockbusters Felix Brinker, 2022-03-07 This is the first book length study to examine the enduring popularity of block buster films based on DC or Marvel superhero comics properties It argues that the success of superhero movies is rooted in aesthetic practices unavailable to other types of film and suggests that the multi dimensional seriality of these movies combining practices of serialisation adaptation and transmedia storytelling endows them with an unmatched potential to engage audiences over time and to actively intervene in the discourses of online fandom The book develops a

Film and Tourism Marco Valeri,2025-04-01 Film tourism has emerged as a major driver of tourism development for many destinations To date there has been substantial literature on the subject but little of it has engaged with the wider social science paradigm of culture film and media research The intellectual components of film tourism as an area of academic inquiry span several academic subjects such as marketing economics finance psychology social development sustainability and operations Film is a relatively obscure area of tourism research but the wider interconnections between tourism space and media are beginning to be explored and understood The interest which the topic has generated highlights this subject as one that is worthy of attention within both the academic community and in a practitioner context The contributions in this book discuss the debates about the perceived and actual impact of film tourism and what must still be learned about this phenomenon to create the most unique and satisfying visitor experiences and protect the communities and environments that it affects Fundamental questions are raised regarding the real demand for and draw of film as a tourism motivator and the range of assumptions conflicts and contradictions that underlie them **Parents** ,1987 **Motion Picture Herald** ,1935

Belle au Bois Dormant Sleeping Beauty's Castle He cracks open the Euro Disney controversy to reveal the park not as a tragic experiment in exporting American culture but the result of European efforts to import a popular form of American entertainment Lainsbury tells how the Walt Disney Company came to build a European park and locate it in France how political negotiations affected its design and development how it was promoted to continental audiences and what caused its widely publicized financial woes before being rescued by a real prince from Saudi Arabia He reveals what it took to win back the hearts of skeptical Europeans such as serving wine selling flashy merchandise and placating disgruntled workers Finally he looks into the magic mirror to speculate on the role of Euro Disney and the Walt Disney Company in the twenty first century Ultimately Lainsbury shows that cultural imperialism is not an exclusively American phenomenon but a global corporate strategy and that global corporatism by needing to be responsive to consumers is so complex that it may not be as monolithic as feared Once Upon an American Dream is a fairy tale for our times reminding us that for all the critical huffing and puffing the creation and marketing of pleasure is what Euro Disneyland is all about **Econoguide Disneyland Resort, Universal Studios Hollywood 2003** Corey Sandler,2003 Visitors can stick to their budgets when traveling to Disneyland Resort Disney's California Adventure Universal Studios Hollywood and other major southern California attractions This comprehensive guide contains directions and detailed maps of the theme parks gives the lowdown on rides and attractions at each park lists restaurants from fast food to full service and includes dozens of moneysaving coupons The Critics Were Wrong Ardis Sillick,Michael McCormick,1996 Urban Land ,2004
