VLink
123 Fictional Avenue
Hartford, CT 06114

Dear Mr. Smith:

July 5, 2023

VLink's reputation for excellence, backed by 17 years of experience, a clientele of over 200 businesses, and multiple industry recognitions, is truly admirable. The customer-centric approach VLink keenly adapts resonates with my philosophy as an inspiring web developer. With skills in WordPress, UI/UX design, and more, I am eager to leverage budding talents to help VLink serve a broader range of businesses.

Recently, I worked as an intern at Red Wall Marketing. Collaborating cross-departmentally with a tight-knit team allowed us to produce high-caliber websites that were visually striking and highly functional. In one project, I actively contributed to a team that redesigned a local bakery's website, resulting in a 19% increase in online orders and an 8.9% uptick in overall customer satisfaction ratings.

Web Design is not only about aesthetics but also about creating a seamless user experience. As part of my final university project, I built a fully responsive WordPress site for a local nonprofit organization that streamlined its content and volunteer management. This overhaul saw an increase of 128 new sign-ups in their first month after launch and a reduction in administrative work by 7%.

For VLink, I am eager to apply my creative expertise and technical skills in web development to make substantial contributions to your projects. I genuinely believe in VLink's mission of delivering top IT services, and I am confident that my ability to create engaging, performance-driven websites perfectly aligns with that. Thank you very much for considering my application. I am eager to discuss further the potential of us innovating together to create better online experiences for your diverse clientele.

Sincerely,

Luca Bianchi

Getting to Diversity Frank Dobbin, Alexandra Kalev, 2022-09-13 Too many companies don't know how to walk the walk of diversity equity and inclusion. *Getting to Diversity* shows them how Lori George Billingsley, former Global Chief DEI Officer at Coca-Cola Company, In an authoritative data-driven account, two of the world's leading management experts challenge dominant approaches to increasing workplace diversity and provide a comprehensive account of what really works. Every year, America becomes more diverse but change in the makeup of the management ranks has stalled. The problem has become an urgent matter of national debate. How do we fix it? Bestselling books preach moral reformation. Employers, however, well-intentioned, follow guesswork and whatever their peers happen to be doing. Arguing that it's time to focus on changing systems rather than individuals, two of the world's leading experts on workplace diversity show us a better way in the first comprehensive data-driven analysis of what succeeds and what fails. The surprising results will change how America works. Frank Dobbin and Alexandra Kalev draw on more than thirty years of data from eight hundred companies, as well as in-depth interviews with managers. The research shows just how little companies gain from standard practice: sending managers to diversity training to reveal their biases, then following up with hiring and promotion rules and sanctions to shape their behavior. Almost nothing changes. It's time Dobbin and Kalev argue, to focus on changing the management systems that make it hard for women and people of color to succeed. They show us how the best firms are pioneering new recruitment, mentoring, and skill-training systems and implementing strategies for mixing segregated work groups to increase diversity. They explain what a difference ambitious work-life programs make. And they argue that as firms adopt new systems, the key to making them work is to make them accessible to all, not just the favored few. Powerful, authoritative, and driven by a commitment to change, *Getting to Diversity* is the book we need now to address constructively one of the most fraught challenges in American life.
