Media Review Digest C. Edward Wall,1998 **Desire in the Age of Robots and AI** Rebecca Gibson,2019-08-24 This book examines how science fiction s portrayal of humanity s desire for robotic companions influences and reflects changes in our actual desires It begins by taking the reader on a journey that outlines basic human desires in short we are storytellers and we need the objects of our desire to be able to mirror that aspect of our beings This not only explains the reasons we seek out differences in our mates but also why we crave sex and romance with robots In creating a new species of potential companions science fiction highlights what we already want and how our desires dictate and are in return recreated by what is written But sex with robots is more than a sci fi pop culture phenomenon it s a driving force in the latest technological advances in cybernetic science As such this book looks at both what we imagine and what we can create in terms of the newest iterations of robotic companionship
