A New York Times Bestseller Oh Florida That name That combination of sounds Three simple syllables and yet packing so many mixed messages To some people it s a paradise To others it s a punch line As Oh Florida shows it s both of these and more important it s a Petri dish producing trends that end up influencing the rest of the country Without Florida there would be no NASCAR no Bettie Page pinups no Glenn Beck radio rants no USA Today no Stand Your Ground you get the idea To outsiders Florida seems baffling It s a state where the voters went for Barack Obama twice yet elected a Tea Party candidate as governor Florida is touted as a carefree paradise yet it s also known for its perils alligators sinkholes pythons hurricanes and sharks to name a few It attracts 90 million visitors a year some drawn by its impressive natural beauty others bewitched by its manmade fantasies Oh Florida explores those contradictions and shows how they fit together to make this the most interesting state It is the first book to explore the reasons why Florida is so wild and weird and why that s okay Florida couldn t be Florida without that sense of the unpredictable unexpected and unusual

lurking behind every palm tree But there is far more to Florida than its sideshow freakiness Oh Florida explains how Florida secretly subtly influences all the other states in the Union both for good and for ill    **Lawyer Hiring & Training Report**
