**The Voice Catchers** Joseph Turow,2021-05-18 Your voice as biometric data and how marketers are using it to manipulate you Only three decades ago it was inconceivable that virtually entire populations would be carrying around wireless phones wherever they went or that people's exact locations could be tracked by those devices We now take both for granted Even just a decade ago the idea that individuals' voices could be used to identify and draw inferences about them as they shopped or interacted with retailers seemed like something out of a science fiction novel Yet a new business sector is emerging to do exactly that The first in depth examination of the voice intelligence industry The Voice Catchers exposes how artificial intelligence is enabling personalized marketing and discrimination through voice analysis Amazon and Google have numerous patents pertaining to voice profiling and even now their smart speakers are extracting and using voice prints for identification and more Customer service centers are already approaching every caller based on what they conclude a caller's voice reveals about that person's emotions sentiments and personality often in real time In fact many scientists believe that a person's weight height age and race not to mention any illnesses they may have can also be identified from the sound of that individual's voice Ultimately not only marketers but also politicians and governments may use voice profiling to infer personal characteristics for selfish interests and not for the benefit of a citizen or of society as a whole Leading communications scholar Joseph Turow places the voice intelligence industry in historical perspective explores its

contemporary developments and offers a clarion call for regulating this rising surveillance regime *The Amazon Self Publisher* Dale L. Roberts,2021-01-19 You wrote the book And now it's published But you're not getting any sales What gives Most people would have you believe self publishing on Amazon is easy Yet why aren't you seeing the results they claim you should get Your lack of book sales comes down to 3 culprits 1 Keywords 2 Marketing and promotion 3 Book reviews It's time you put all your self publishing woes to bed and finally increase your book sales for good Enter The Amazon Self Publisher series You'll learn The secrets to keyword research and selection Cheap yet effective book promotions How to get book reviews the legit way Where Amazon Advertising will serve your book best And hundreds of powerful insights You'll love learning all about Amazon self publishing because once you discover proven strategies in self publishing your life will change for the good Get it now Note This is the compilation of Amazon Keywords for Books Promotional Strategies for Books and Amazon Reviews for Books *Seismic Digital Shift* Yong Hu,2023-12-17 This book is an in depth study on the past present and future of digitalization an important contribution to the literature on the development of the digital economy in China The technological revolution in telecommunications has brought a seismic shift the periphery has moved to the center accelerating the emergence of a new digital world The adoption and integration of advanced digital technologies such as 5G mobile networks the Internet of things IoT cloud computing artificial intelligence big data analysis and robotics means that the traditional economy with its organizational productive and governance systems is merging with the digital economy with its innovative features in terms of business models production business organization and governance This makes the digital transformation process highly dynamic and complex thus challenging many aspects of economies and societies The author discusses not only what digital transformation means for businesses but also its impact on society at large inspiring readers to understand China and the world and think about what digital future we would like to have
