Ev Charger Fall Clearance Update:

Electric Charging Intended Functionality, Availability, and Equity Inclusion Brian J. Kozumplik,2023-01-19 As unprecedeted growth in EV sales is expected and the number of public charging stations must be planned accordingly as charger up time and functionality i e availability is the number one factor for users once the charging system is installed Electric Vehicle Intended Functionality Availability and Equity Inclusion informs current customers and potential purchasers of functionality availability and equity inclusion issues with EV charging systems currently in production and in use across North America and Europe Note that if shortages of available chargers are recognized and exposed across the US this could then have a negative impact on future potential EV customers from making the leap from traditional ICE vehicles to EVs Click here to access the full SAE EDGETM Research Report portfolio <https://doi.org/10.4271/EPR2023001>
