Vol. 26: Medium-Format Photography: Getting Started

Shawn M. Tomlinson, 2018-12-14 Simply put medium format photography is quite a bit more complex than shooting with 35mm film SLRs or 35mm style DSLRs It takes a bit more skill and experience to handle medium format cameras Not only do you need to learn to think differently about how you shoot but you also have a whole new type of equipment to learn Medium format cameras produce bigger images which allows for more detail and greater enlargement And because they in general were designed for professional photographers the lenses tend to be of better quality than most 35mm lenses which also adds to the detail in the images In this book we'll take a look at medium format SLRs and TLRs and we'll even touch upon some other types We'll also consider a few lenses although these largely are a matter of choice And there are far fewer choices for medium format cameras than for other types Time to do some weight training and heft those medium format cameras and lenses into position Let's go

**Photography: Getting Started Expanded Edition** Shawn M. Tomlinson, 2017-07-25 In the ninth volume of Shawn M Tomlinson's Guide to Photography the author finally gets around to directly helping the novice photographer move from smartphone cameras to serious cameras In this expanded edition the basics of how to make great photos and launch into serious photography are explained Everything from aperture shutter speed ISO and shooting modes to composition and photo processing get a thorough treatment It's a great starting point for the budding photographer
