Fashion Trends and Forecasting Eunsuk Hur, Caroline Hemingray, Stephen Westland, 2025-03-17 Fashion Trends and Forecasting explores how designers merchandisers buyers marketers and strategists use fashion trend forecasting to predict upcoming trends and understand past or current ones. It explains the importance of trend forecasting for businesses and how technology such as artificial intelligence can help to advance it for the future. Addressing both macro and micro trends including fashion styles, textiles and colour trends as well as the impact of technology such as AI and the metaverse, the book offers guidance on how fashion students can address fast changing consumer needs and demands and identify wider shifts in the cultural, environmental, political and technological worlds. Case studies from globally recognised organisations feature in every chapter, highlighting and contextualising theory for students. Discussion questions, further reading and exercises help facilitate class discussion and deeper understanding. Designed to equip the reader with Fashion Forecasting tools, methods and principles in an accessible and clear way, this text is recommended and core reading for students studying fashion forecasting, fashion buying and fashion marketing. Supplementary online resources can be found at www.routledge.com/9781032541860 and include a short instructor's manual of points to be used for seminar discussions and chapter by chapter PowerPoint slides for instructors.

Routledge Handbook of Trends and Issues in Global Tourism Supply and Demand Alastair M. Morrison, Dimitrios Buhalis, 2023-09-25 This Handbook provides a comprehensive overview of trends and issues in the global supply and demand of tourism. With contributions from 70 authors, this Handbook showcases a diverse range of perspectives with insights from around the globe. It reviews the interactions among trends and issues and it emphasises the importance of tracking and interpreting these on a global scale. The book is organized into three parts: Part I focusing on supply side trends including transport, attractions, culture, heritage, tourism, technology, policies and destination management; Part II critically reviews the external factor trends including the impact of terrorism, multi-crisis destinations, Generation Z's important contributions to the sector, the regulation of sharing economy platforms and nature tourism in the future; Part III focuses on market-led trends such as bleisure, glamping, VFR travel, transformational tourism and new trends in wellness tourism following the post-COVID era. The book also provides predictions for the upcoming decades. This Handbook will be a vital tool for researchers, students and practitioners in the tourism and hospitality sector to further develop their knowledge and expertise in the field. It examines business and policy implications, offering guidance for developing sustainable competitive advantage.
