Nurses In Vietnam The Forgotten Veterans:

Nurses in Vietnam Dan Freedman, Jacqueline Rhoads, 1987 This is the compelling story of nine Army nurses who served in Vietnam between 1965-1971. Their diverse and individual accounts vividly express the frustrations and challenges of their experiences.

Nurses in War Elizabeth Scannell-Desch, Mary Ellen Doherty, 2012-04-23 This unique volume presents the experience of 37 U.S. military nurses sent to the Iraq and Afghanistan theaters of war to care for the injured and dying. The personal and professional challenges they faced, the difficulties they endured, the dangers they overcame, and the consequences they grappled with are vividly described from deployment to discharge. In mobile surgical field hospitals and fast forward teams, detainee care centers, base and city hospitals, medevac aircraft, and aeromedical staging units, these nurses cared for their patients with compassion, acumen, and inventiveness. And when they returned home, they dealt with their experience as they could. The text is divided into thematic chapters on essential issues: how the nurses separated from their families and the uncertainties they faced in doing so; their response to horrific injuries that combatants, civilians, and children suffered; working and living in Iraq and Afghanistan for extended periods; personal health issues and what it meant to care for enemy insurgents and detainees. Also discussed is how the experience enhanced their clinical skills, why their adjustment to civilian life was so difficult, and how the war changed them as nurses, citizens, and people.

A History of the U.S. Army Nurse Corps Mary T. Sarnecky, 1999-11 Traces the history of the corps since its founding in 1901. A work essential to any study of the corps or military medicine.

Choice **Navy Medicine**, 1988 **Officer, Nurse, Woman** Kara Dixon Vuic, 2010 Drawing on more than 100 interviews, Vuic allows the nurses to tell their own captivating stories from their reasons for joining the military to the physical and emotional demands of a horrific war and postwar debates about how to commemorate their service. Vuic also explores the gender issues that arose when a male-dominated army actively recruited and employed the services of 5,000 women nurses in the midst of a growing feminist movement and a changing nursing profession. Women drawn to the army's patriotic promise faced disturbing realities in the virtually all-male hospitals of South Vietnam. Men who joined the nurse corps ran headlong into the army's belief that women should nurse and men should fight.

Teaching the Vietnam War Joe P. Dunn, 1990 **The Aftermath, 1975-85** Edward Doyle, Terrence Maitland, 1985 Chronicles the legacy of the Vietnamese War for Vietnam, its neighbors, and the United States during the ten years after the war.

The United States and Viet Nam from War to Peace Robert M. Slabey, 1996 Some twenty years after the end of the Vietnam War, America does not seem yet to have recovered spiritually or emotionally. Despite the recent reopenings of diplomatic relations, the idea of reconciliation between the United States and Vietnam is anathema to a large number of Americans. In December

1993 historians Asia scholars writers artists filmmakers journalists psychiatrists government officials antiwar activists veterans activists reconciliation advocates and Vietnamese gathered at the University of Notre Dame to discuss the process of understanding the American culture that created the war the American culture created by the war and issues that affect full reconciliation for both the United States and Indochina including Laos Cambodia and Vietnam Papers examining the literature of reconciliation were also presented

The Vietnam War on Campus Marc J. Gilbert, 2001 Previous analyses of the student antiwar movement during the Vietnam War have focussed almost exclusively on a few radical student leaders and upon events that occurred at a few elite East Coast universities This volume breaks new ground in the treatment it affords critiques of the war offered by conservative students in its assessment of antiwar sentiment among Midwestern and Southern college students and in its investigation of antiwar protests in American high schools It also provides fresh insight through a discussion of the ways in which American films depicted the student movements and an examination of the role of women and religion in the campus wars of the Sixties and Seventies The campus dimensions of the antiwar movement were more broad based and more diverse in membership roots and strategy than is often assumed Each essay in this collection strives not only to present a fair minded picture of the impact of the Vietnam War on campus but also to offer balanced reflections on its significance for today's body politic Contributing authors conclude leading scholars on the war's impact on American society and two artists closely associated with that conflict Vietnam veteran writer and poet W D Ehrhart and Country Joe McDonald author of the antiwar era anthem I Feel Like I'm Fixing to Die Rag
