

Occupational Therapy- Goal Setting Tool

How to Use:

1. Print, cut and laminate all pages of the document
2. Use either the parent rating prompt cards or the child self-reflection prompt cards within your goal setting session
3. Pick a task card and allow the child to self-reflect and rate their ability to complete each task by placing the task card next to one of the child self-reflection prompt cards (if working with the child).
4. Alternatively, when working with a parent, place the task cards next to the parent rating prompt cards. These cards are used best when utilising them for a functional assessment report.
5. Gather the cards that the child has rated himself as either "needs help" or "needs a lot of help with this task.
6. Allow the child to rate how important this task is for him using the motivation evaluation prompt cards.
7. Define goals collaboratively with the client based on the outcome and discussions of the assessment results.

Skills for Practice in Occupational Therapy Edward A. S. Duncan, 2011-12-02 This book is the companion volume to Duncan FOUNDATIONS FOR PRACTICE IN OCCUPATIONAL THERAPY 5e and provides a comprehensive guide to the practice applications of the theory base. It is designed to be a basic and beyond text of value to students throughout their studies but also a valuable reference text to clinicians. The sections cover the following essential skills for effective occupational therapy practice: clinical skills, management and leadership skills, evidence based and research skills, and thinking, judgement and decision making skills. Links theory and evidence base and is also practical. Each chapter follows same basic structure same format as Foundations. Each chapter contains practical examples and or vignettes. New addition of highlight boxes in each chapter gives the main points in bullet format for ease of access to students new to the area. Well referenced.

Goal Setting and Motivation in Therapy Jenny Ziviani, Anne Poulsen, Monica Cuskelly, 2015-06-21 This book looks at all aspects of goal setting, a key concern for therapists working with children. Explaining theory as well as the important issues for practice, this book presents innovative approaches developed by the editors that will increase understanding of goal setting within therapeutic settings.

Skills for Practice in Occupational Therapy E-Book

Edward A.S. Duncan, 2022-10-16 Skills for Practice in Occupational Therapy is an essential companion for all students and newly qualified practitioners working in the complicated field of occupational therapy. Written by Edward Duncan of the University of Stirling, the book provides a practical and pragmatic guide to becoming a successful practitioner. It covers everything from thinking and judgement to decision making, evidence based practice and research skills, and leadership and management. It also guides the reader toward effective career advancement, getting their work noticed and staying up to date in their field. This book is a companion to Duncan's Foundations for Practice in Occupational Therapy and provides the practical applications of the theory covered in that text. Completely updated to align with current practice in occupational therapy. Chapters structured for easy navigation. Practical examples and or vignettes bring the text to life. Highlight boxes demystify concepts for students new to the area. Easy to read and engaging throughout. Well referenced links practice to theory and evidence. New content on goal setting, social media and implementation research.

Rehabilitation Goal Setting

Richard J. Siegert, William M. M. Levack, 2014-07-10 Written to provide clinicians, educators, researchers and students in rehabilitation with a comprehensive overview of the theory, practice and evidence base of goal setting, this first of its kind reference provides an authoritative state of the art knowledge of the practice. The authors cover a broad range of different approaches to goal setting.
