## **On The Dormition Of Mary Early Patristic Homilies:**

*On the Dormition of Mary* Brian E. Daley, 1998 Since the time of the early Church Orthodox Christians have honored Mary the Mother of God with special solemnity on August 15. From the sixth century on that celebration has been explicitly associated with her death as the culmination of a human life uniquely full of grace uniquely involved in the Mystery of our salvation and transformation in Christ from back cover

## **Pseudo-Dionysius and Christian Visual Culture, c.500-900**

Francesca Dell'Acqua, Ernesto Sergio Mainoldi, 2019-11-20 This book uses Pseudo Dionysius and his mystic theology to explore attitudes and beliefs about images in the early medieval West and Byzantium. Composed in the early sixth century the *Corpus Dionysiacum* the collection of texts transmitted under the name of Dionysius the Areopagite developed a number of themes which have a predominantly visual and spatial dimension. Pseudo Dionysius' contribution to the development of Christian visual culture, visual thinking and figural art making are examined in this book to systematically investigate his long lasting legacy and influence. The contributors embrace religious studies, philosophy, theology, art and architectural history to consider the depth of the interaction between the *Corpus Dionysiacum* and various aspects of contemporary Byzantine and western cultures including ecclesiastical and lay power politics, religion and art

## **The "Sense of the Faith" in History**

John J. Burkhard, OFM Conv., 2022-01-15 While taught by Vatican II the sense of the faith *sensus fidei* has had little official impact in the Catholic Church. What would the church look like if it took this conciliar teaching to heart? To address this neglect John Burkhard locates the historical roots of the teaching and its emergence at Vatican II. It attempts to better understand the sense of the faith in the light of other fundamental teachings of the council and challenges the hierarchical church to invite all the faithful to rightfully participate in the prophetic ministry of the whole church closely allied with Pope Francis's call for a more synodal church

*Philosophy at the Festival: The Festal Orations of Gregory of Nazianzus and the Classical Tradition* Byron MacDougall, 2022-10-04 Before serving as Bishop of Constantinople and becoming known to posterity as the Theologian Gregory of Nazianzus was an Athens-trained professional teacher of Greek literature. Steeped in the rhetorical culture of the Second Sophistic his orations for Christian feasts such as Christmas and Pentecost belong to a Classical tradition that privileged the performance of philosophy at festivals. Widely copied and translated they were instrumental in Gregory becoming one of the most popular and influential authors in Byzantium. This book shows how his orations represent a crucial point in the Late Antique reception of Platonism, rhetorical theory and ancient festival culture.

**The Oxford Handbook of Mary** Chris Maunder, 2019-08-07 The Oxford Handbook of Mary offers an interdisciplinary guide to Marian Studies including chapters on textual, literary and media analysis, theology, Church history, art history, studies on devotion in a variety of forms, cultural history, folk tradition, gender analysis, apparitions and apocalypticism. Featuring contributions from a distinguished group of international scholars the Handbook looks at both Eastern and Western perspectives and attempts to correct imbalance in previous books on Mary towards the West. The volume also considers Mary

in Islam and pilgrimages shared by Christian Muslim and Jewish adherents While Mary can be a source of theological disagreement this authoritative collection shows Mary's rich potential for inter faith and inter denominational dialogue and shared experience It covers a diverse number of topics that show how Mary and Mariology are articulated within ecclesiastical contexts but also on their margins in popular devotion Newly commissioned essays describe some of the central ideas of Christian Marian thought while also challenging popularly held notions This invaluable reference for students and scholars illustrates the current state of play in Marian Studies as it is done across the world

**Mary, the Apostles, and the Last Judgment** Stanislava Kuzmova,Andrea-Bianka Znorovszky,2020-12-31 This volume presents a timely contribution to the growing body of scholarship on the apocryphal writings and their reception in the Middle Ages especially in connection with visual representation It aims to bridge what often remains disconnected the visual art and the written text the early Christian roots and medieval reception the East and the West as well as methodologies of various disciplines The studies in this volume firstly investigate issues related to the Virgin Mary and through them also the status function and identity of women Mary and the female element thus represent significant models and or background figures in fields pertaining to theology religious studies textual studies manuscript studies and art history in a trans disciplinary perspective Secondly the studies focus on the apostles and the Last Judgment their visual representations and the use of apocryphal sources The volume is divided in two parts according to two major topics Part I dealing with Mary in the Apocrypha and Part II focusing on the Apostles and the Last Judgment

**St. Vladimir's Theological Quarterly** ,2007 **Eastern Churches Journal** ,1999

**Speculum Sermonis** Georgiana Donavin,Cary J. Nederman,Richard J. Utz,2004 The medieval sermon provides the focus for the first volume of Disputatio because it often expresses the concerns of various intellectual milieux such as the university Church or court and attempts to convey those concerns to other parts of medieval society Speculum Sermonis is an anthology of essays about medieval sermons in the Christian East and West It aims to reveal precisely how sermons inform different disciplines for instance social and Church history literature musicology and how the methodologies of different disciplines inform sermons Sermons can for instance provide evidence for a reconstruction of medieval liturgy reciprocally the field of liturgiology investigates sermons as one aspect of Church performance The volume's title image of the mirror and the reference to medieval specula convey the idea of multiple reflections the sermons on culture and the disciplines on sermons Because the contributors to Speculum Sermonis come from a variety of fields the essays here collectively provide a rich historical and contemporary academic context for reading the medieval sermon In addition to essays from across the fields a number of which establish conclusions transcending disciplinary boundaries Speculum Sermonis includes an introduction defending interdisciplinary study of sermons and an authoritative bibliography covering both primary and secondary resources for medieval sermons A unique feature of the volume is the inclusion of response papers to the essays in each of the sections in the spirit of the book series title Disputatio

Ryan,2004 **In the Shadow of the Incarnation** Peter William Martens,2008 The essays in this volume offer readers a fresh orientation and groundbreaking analyses of the figure of Jesus in late antiquity **Saint Demetrios of Thessaloniki**

James Constantine Skedros,1999 The late antique city of Thessaloniki claimed particular devotion to a local Christian hero and martyr of the early fourth century named Demetrios Hagiographical texts depict Demetrios as a young Roman citizen who was arrested jailed and martyred during a visit by the emperor Galerius to Thessaloniki in the first decade of the fourth century A popular local veneration of the saint quickly developed and by the middle of the seventh century St Demetrios was venerated as a divine patron and protector of Thessaloniki Through examination of archaeological art historical and textual evidence this book seeks to analyze the process by which Demetrios rose to the status of divine urban patron The evidence shows how the cult of St Demetrios developed in a manner quite different from other contemporary martyr cults thus suggesting wider implications for the history of martyr veneration in early Christianity BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Empress and Handmaid** Sarah Jane Boss,2000 This is the story of the cult of the Virgin Mary For centuries Mary has been venerated and her virginity and humility promoted as an example to Christian women In some theological circles the cult of the Virgin has been blamed for supporting the cause of social and political oppression In this history the author throws light on both theories In western Europe she argues that the Virgin s significance in terms of attitudes to womanhood and motherhood has been closely bound up with economic and social factors **Presbeia Theotokou** Leena Mari Peltomaa,Andreas Külzer,Pauline Allen,2015 The present book is dedicated to one main aspect of the Marian cult it investigates the historical process that made Mary mother of Jesus the most prominent intercessor across the Byzantine Empire at the end of Iconoclasm 843 The study touches religious and social issues it refers only to contemporary ideas and sources and distinguishes itself consciously from later mariological concepts

*Modern Greek Studies Yearbook* ,1999 **Sobornost** ,1998 **AAR/SBL Annual Meeting Program** American Academy of Religion. Meeting,1998 Mary Most Holy ,2003 Cistercian devotion to the Mother of God expressed itself in

their decision to commit all their monasteries to her patronage. The most famous of all the White Monks Saint Bernard of Clairvaux has been called the Marian Doctor. A close reading of his homilies and the sermons and meditations of his Cistercian brothers reveals that he and they were simply giving voice to and passing on a long and loving tradition.
