*México City* Xavier Sanchez Valladares, 2000 Current architecture in Mexico reflects the rich variety of local exotic traditions and international avant garde design The authors present examples of architectural forms in Mexico City that express every aspect of Mexican life **The Architectural Review** ,2001 **Dwell** ,2001-12 At Dwell we re staging a minor revolution We think that it s possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines

**Modern Architecture in Mexico City** Kathryn E. O'Rourke, 2017-02-10 Mexico City became one of the centers of architectural modernism in the Americas in the first half of the twentieth century Invigorated by insights drawn from the first published histories of Mexican colonial architecture which suggested that Mexico possessed a distinctive architecture and culture beginning in the 1920s a new generation of architects created profoundly visual modern buildings intended to convey Mexico s unique cultural character By midcentury these architects and their students had rewritten the country s architectural history and transformed the capital into a metropolis where new buildings that evoked pre conquest colonial and International Style architecture coexisted Through an exploration of schools a university campus a government ministry a workers park and houses for Diego Rivera and Luis Barragan Kathryn O Rourke offers a new interpretation of modern architecture in the Mexican capital showing close links between design evolving understandings of national architectural history folk art and social reform This book demonstrates why creating a distinctively Mexican architecture captivated architects whose work was formally dissimilar and how that concern became central to the profession **Mexico City** Sarah Zahradnik, 2020-09 Mexico City has withstood enormous changes throughout its history Once the capital of the Aztec Empire it has continuously evolved over the centuries to become one of the largest megalopolises in the world The exuberant metropolis of the present day can be seen as a patchwork of Aztec Hispanic and contemporary Western cultures Both local and internationally renowned artists and architects have brought their talents to this capital which has also been the site of large scale urban projects such as the construction of the National Autonomous University of Mexico UNAM The city has also been placed on the UNESCO World Heritage List thanks to its wealth of artworks and innovative designs The Architectural Guide Mexico City takes readers on a tour of 100 buildings and monuments from across the city The entries are illustrated with 230 photographs drawings and maps This updated second edition of the guide includes two new essays presenting the legacy of the architect Luis Barragan and contemporary architecture in Mexico [British Bulletin of Publications on Latin America, the Caribbean, Portugal, and Spain](#) ,2000 **Architectural Publications Index** ,2001 *Architectural Record* ,2001 **Modern Architecture in Latin America** Luis E. Carranza, Fernando Luiz Lara, 2015-01-05 Modern Architecture in Latin America Art Technology and Utopia is an introductory text on the issues polemics and works that represent the

complex processes of political economic and cultural modernization in the twentieth century The number and types of projects varied greatly from country to country but as a whole the region produced a significant body of architecture that has never before been presented in a single volume in any language Modern Architecture in Latin America is the first comprehensive history of this important production Designed as a survey and focused on key examples paradigms arranged chronologically from 1903 to 2003 this volume covers a myriad of countries historical social and political conditions and projects developments that range from small houses to urban plans to architectural movements The book is structured so that it can be read in a variety of ways as a historically developed narrative of modern architecture in Latin America as a country specific chronology or as a treatment of traditions centered on issues of art technology or utopia This structure allows readers to see the development of multiple and parallel branches historical strands of architecture and at times their interconnections across countries The authors provide a critical evaluation of the movements presented in relationship to their overall goals and architectural transformations
