Oracle Applications Framework Personalization Guide Iprocurement:

A Practical Guide to Implement Oracle E-Business Suite Anant Porwal, 2016-09-26 Planning, executing and controlling the implementation process for Oracle E Business Suite is no easy task but done right can do wonders for your business. Anant Porwal, a certified master in Oracle Financials with twenty years of experience helping businesses implement the suite of applications, provides a comprehensive blueprint to get the most value out of the product with this implementation guide. The first section highlights high-level features of core Oracle E Business Suite applications, including various technology pieces. It also explains how the applications allow for flexibility in accounting and in processing transactions. The second section explores how to implement the suite of applications from identifying the goals you want to achieve, selecting and building an implementation team, designing an implementation process, documenting and tracking progress, and taking the necessary steps to ensure implementation is a success. A Practical Guide to Implement Oracle E Business Suite is a must read for all members of companies planning Oracle implementation, including stakeholders, project managers, team members, and consultants alike. It provides insight into the intricacies and efforts for implementing very complex packages of Oracle E Business Suite.

Oracle Self-Service Applications Melanie Anjele Cameron, 2010-05-06 Maximize the capabilities of Oracle Self Service Applications. Get complete coverage of Oracle E Business Suite's self-service modules, including Oracle iProcurement, Oracle Internet Expenses, Oracle iSupplier Portal, and Oracle iReceivables. Inside this Oracle Press guide, Oracle Self Service Applications discusses the features of each module and how they benefit organizational workflow and reviews common implementation considerations that apply to all the applications. The book also provides detailed configuration instructions, explaining each screen and field. Learn how to set up and use Oracle iProcurement for automating both the requesting and approval of requisitions; Oracle Internet Expenses for streamlining the entry, approval, and auditing of expense reports, including credit card processing; Oracle iSupplier Portal to allow secure supplier collaboration; Oracle iReceivables to enable customers and employees to review account information online; The order management portal for granting inquiry-only viewing and tracking of orders and delivery status; Oracle Bill Presentment Architecture for customizing invoices; Oracle Approvals Management to accommodate complex rules for approving transactions; Oracle Application Framework to customize both the options and usability of the self-service applications.
