**A Practical Guide to Red Hat Linux** Mark G. Sobell, 2007 A new edition of this title is available ISBN 10 0137142951 ISBN 13 9780137142958 Since I'm in an educational environment I found the content of Sobell's book to be right on target and very helpful for anyone managing Linux in the enterprise His style of writing is very clear He builds up to the chapter exercises which I find to be relevant to real world scenarios a user or admin would encounter An IT IS student would find this book a valuable complement to their education The vast amount of information is extremely well balanced and Sobell manages to present the content without complicated asides and meandering prose This is a must have for anyone managing Linux systems in a networked environment or anyone running a Linux server I would also highly recommend it to an experienced computer user who is moving to the Linux platform

Mary Norbury IT Director Barbara Davis Center University of Colorado at Denver from a review posted on slashdot.org I had the chance to use your UNIX books when I when was in college years ago at Cal Poly San Luis Obispo CA I have to say that your books are among the best They're quality books that teach the theoretical aspects and applications of the operating system

Benton Chan IS Engineer The book has more than lived up to my expectations from the many reviews I read even though it targets FC2 I have found something very rare with your book It doesn't read like the standard a technical text it reads more like a story It's a pleasure to read and hard to put down Did I say that David Hopkins Business Process Architect Thanks for your work and for the book you wrote There are really few books that can help people to become more efficient administrators of different workstations We hope in Russia that you will continue bringing us a new level of understanding of Linux UNIX systems

Anton Petukhov Mark Sobell has written a book as approachable as it is authoritative

Jeffrey Bianchine Advocate Author Journalist Excellent reference book well suited for the sysadmin of a Linux cluster or the owner of a PC contemplating installing a recent stable Linux Don't be put off by the daunting heft of the book Sobell has striven to be as inclusive as possible in trying to anticipate your system administration needs
