**to Sustainable Corporate Management** Ralf T. Kreutzer,2024-05-31 This book shows how managers at all levels of the  
 company can master the challenges of sustainable corporate management with confidence Concrete action plans are  
 presented for this purpose Climate change and the finite nature of natural resources are already taking their toll worldwide A  
 rethink towards ecological sustainability is not only urgently needed at a global level The orientation of corporate strategies  
 is also increasingly determined by the socio political morals of customers and other stakeholders where economic and socio  
 political interests must be in harmony with social and ecological challenges Using the three pillar model for sustainability  
 Triple Bottom Line and further topics such as supply chain law and ESG criteria the author shows in a practical way how  
 companies can successfully meet these major challenges in the long term The key to success lies in a change in values  
 towards ecological social and economic sustainability that is defined and practiced at all levels of the company Nicola
