Prins,2002-07-03 Electronic commerce is here to stay No matter how big the dot com crisis was or how far the e entrepreneurs shares fell in the market the fact remains that there is still confidence in electronic trading At least it would appear that investors are confident in e companies again However not only trust of venture capitalists is of importance consumers also have to have faith in on line business After all without consumers there is no e business Interacting lawyers technicians and economists are needed to create a trustworthy electronic commerce environment To achieve this environment thorough and inter disciplinary research is required and that is exactly what this book is about Researchers of the project Enabling Electronic Commerce from the Dutch universities of Tilburg and Eindhoven have chosen a number of e topics to elaborate on trust from their point of view This volume makes clear that the various disciplines can and will play a role in developing conditions for trust and thus contribute to a successful electronic market     **Why are E-payment systems important for us?** Henrik Fürst,2017-02-15 Seminar paper from the year 2014 in the subject Business economics Trade and Distribution grade 07 University of Southern Denmark language English abstract During its more than 20 years of existence the internet has become an essential thing in the society and daily life The number of people worldwide using the internet has more than doubled from 2007 to 2013 While it was ca 1 3

billion people in 2009 it was ca 2.7 billion in 2013. Not only the access to internet got very easy but also the demand for internet has increased a lot. Over the time as well e payment systems has developed and are today a solid component of the Business to consumer sector. They can be found in many different trends. Google, MasterCard, Ebay are all well known names who all made their part to bring e payment to its present place. But how do they function? How important are they? And furthermore why should they be important since the world kept on spinning before their invention? This paper will analyze the importance of e payment systems in the daily life for individuals such as for the business sector. The main point and also the research question for this paper will be to find out: Why are e payment systems important for us? For a better overview and understanding firstly the classic and modern payment systems are shortly presented and later shortly compared. Followed by description of how e payment does influence the daily life of individuals in the society such as the business political area. It continues with the analytical part where the research question is tried to be answered by analyzing the findings. It ends with the conclusion where the findings of the analysis are finally presented.
