Book Green Blue Novel Elliot Ackerman:

Green on Blue Elliot Ackerman, 2015 The thrilling heartbreak story of a young Afghan boy coming of age in a country at war

Writing Wars David F. Eisler, 2022-12-14 Choice Outstanding Academic Title 2024 Senators Bob and Elizabeth

Dole Biennial Award for Distinguished Book in Veterans Studies winner Who writes novels about war For nearly a century after World War I the answer was simple soldiers who had been there The assumption that a person must have experienced

war in the flesh in order to write about it in fiction was taken for granted by writers reviewers critics and even scholars

Contemporary American fiction tells a different story Less than half of the authors of contemporary war novels are veterans

And that's hardly the only change Today's war novelists focus on the psychological and moral challenges of soldiers coming

home rather than the physical danger of combat overseas They also imagine the consequences of the wars from non

American perspectives in a way that defies the genre's conventions To understand why these changes have occurred David

Eisler argues that we must go back nearly fifty years to the political decision to abolish the draft The ramifications rippled

into the field of cultural production transforming the foundational characteristics authorship content and form of the

American war fiction genre

The Hero and the Victim Gregory Brazeal, 2024-10-08 How American fiction represents

soldiers and soldier criminality in depictions of the Iraq War

Halcyon Elliot Ackerman, 2024-08-06 A daring new novel at

once timely and timeless set around an American family and the ever shifting sands of history and memory and legacy that

define them An expert juggling act Stephen Markley New York Times Book Review Virginia 2004 Gore is entering his second

term as president Our narrator Martin Neumann recently divorced is living at Halcyon the estate of renowned lawyer and

World War II hero Robert Ableson When news breaks that scientists funded by the Gore administration have discovered a

cure for death it calls into question everything Martin thought he understood about life not least his work as a historian Who

is Ableson really and why did he draw Martin into his orbit Is this new science a miraculous good or an insidious evil

Stretching from pivotal elections to intimate family secrets from the Battle of Saipan to the toppling of Confederate

monuments Halcyon is a profound and probing novel that grapples with what history means who is affected by it and how the

complexities of our shared future rest on the dual foundations of remembering and forgetting

The War Comes with You

Stacey Peebles, 2024-12-12 How do we tell twenty-first century war stories when the wars seem to go on forever In the post

2011 surge of war stories published in America and Iraq the defining characteristic is the depiction of combat violence that

crosses borders overtakes civilian spaces and disrupts chronology In *The War Comes with You* Enduring War in Life Fiction

and Fantasy Stacey Peebles picks up where her groundbreaking first book *Welcome to the Suck* Narrating the American

Soldier's Experience in Iraq left off Via careful readings of fiction memoir and poetry by writers such as Ben Fountain

Siobhan Fallon Brian Turner and Hassan Blasim as well as recent superhero and Star Wars films Peebles argues that in the

face of real and fantasy forever wars things fall apart Language identities bodies and even the stories themselves fragment

These narratives suggest that people need not accept incoherence and there is a range of meaningful responses to the experience of everywhere all the time war Peebles illustrates what to do that is when war comes with you **The Encyclopedia of Contemporary American Fiction, 2 Volumes** Patrick O'Donnell, Stephen J. 12 March 2034 In the South China Sea US Navy Commodore Sarah Hunt is conducting routine freedom of navigation patrol while US Marine aviator Major Chris Wedge Mitchell tests a new stealth technology near Iranian airspace. By the end of the day Wedge will be an Iranian prisoner and Hunt's destroyer will lie at the bottom of the ocean. And a new terrifying era will be at hand. So begins a disturbingly plausible novel co-authored by an award-winning novelist and decorated Marine veteran and the former commander of NATO's legendary admiral. Everything in 2034 is an imaginative extrapolation from present-day facts on the ground informed by the authors' years working at the highest and most classified levels of national security. Because sometimes it takes a brilliant work of fiction to illuminate the most dire of warnings. I could not stop reading 2034. Phil Klay, author of **Redeployment** 2054. A NOVEL IS OUT NOW **Braille Book Review**, 2016
