Most parents wish their baby came with some sort of user friendly handbook. Luckily babies come with a lot of excellent word of mouth advice from other parents and friends. In fact we found that nearly every parent out there has a great piece of child rearing advice such as which baby store is the most helpful or which restaurant tolerates strained carrots on the floor. Someone we thought should write this stuff down. And that's how please pardon the pun the lilaguide was born. Our guides are literally written by parents for parents through thousands of volunteer surveys. It's what happens when someone does write all the parent wisdom down organizes it calculates it and presents it in an easy to use format PC Magazine ,2006
