Dear Ms Johns,

As an NHS Registered Nurse with 10 years of experience, I know I'll be an excellent fit for your hospice.

I've provided extensive palliative care throughout my career, including managing pain symptoms and addressing patients' emotional needs. In my previous role, I was able to reduce patient readmission rates by 15% through proactive care planning and follow-up.

I'm also experienced in dealing with emergency medical situations, having successfully managed over 50 critical cases in the past year alone. In addition, I have provided emotional support to patients' friends and family, resulting in an overall increase of 30% in positive feedback from families going through these hard times. All of these traits make me perfect for the position.

I'm looking forward to hearing from you. You can contact me on 07123 456 789 to schedule an interview.

Yours sincerely,
Bridget Williams

would be best avoided How can you capture the attention of the hiring manager without resorting to gimmicks And worst of all how do you even get started Many years ago I was in the exact same position as you find yourself in I struggled I procrastinated and I failed But I soon learned the secrets to creating awesome cover letters that don't just look good they actually work and in this book I will share them with you so you can win that job and create the life of your dreams This approach is quick effective and will save hours or even weeks of your life Here's what you can expect to find within Why Your Cover Letter Matters What Are Employers Really Looking For How To Target The Company's Needs How To Structure Your Covering Letter Building An Introduction That Works How To Sell Your Skills and Background How To Tell The Right Stories So You Get Noticed The Importance of Editing And much more including our top rated cover letter worksheet that will help you discover the key information you should include in order to get noticed Are you ready to change your life Press Buy now with 1 Click to receive this life changing information for just 9.99 Order Your Copy Today **Gallery of Best Cover Letters** David Franklin Noble, 2004 This collection is composed of nearly 300 quality cover letters and 35 corresponding resumes written by professional resume writers It includes expert tips for writing and designing cover letters for maximum impact a rich idea book full of adaptable examples and suggestions *Ultimate Cover Letters* Martin John Yate, 2018-08-03 Does your cover letter have the X factor How can you make sure that it communicates what employers really want *Ultimate Cover Letters* from best selling author and careers expert Martin John Yate describes how to write the very best cover letters helping you to open doors to job interviews and offers of employment and outshine all other candidates From the very popular *Ultimate* series the book offers sound advice on assembling letters and how to use key power phrases to get results as well as over 100 sample letters to cover a variety of situations These include e-mail responses to online applications speculative letters letters to answer advertised vacancies follow up letters networking letters and even acceptance and resignation letters Now including a chapter on how to develop your professional image and integrate it into your job search letter *Ultimate Cover Letters* 5th edition covers all aspects of this crucial part of the job hunting process in an engaging and approachable way ensuring you put every chance of success by your side *Ultimate Cover Letters* will help you make the perfect first impression About the *Ultimate* series The *Ultimate* series contains practical advice on essential job search skills to give you the best chance of getting the job you want Taking you all the way from starting your job search to completing an interview it includes guidance on CV or resume and cover letter writing practice questions for passing aptitude psychometric and other employment tests and reliable advice for interviewing *How To Write Amazing Cover Letters* The Hyperink Team, 2012-02-12 ABOUT THE BOOK If a resume is a window into your past work experience a cover letter is the tool you use to install it Cover letters were once just an after thought something most people used to simply regurgitate their resumes In fact it wasn't until the last decade that cover letters gained wide acceptance and importance Today not only is the cover letter just as important as a resume it can be the deciding factor in whether a hiring manager looks at your resume or throws

it in the trash But how do you write the kind of amazing cover letter that will get you in the door How can you create a narrative of your professional experience that makes the HR person sit up and take notice The key is knowing how to present yourself It does not matter if you've spent 30 years in the work force or are just entering it the fact remains that you need to learn to how convince someone else to interview you MEET THE AUTHOR The Hyperink Team works hard to bring you high quality engaging fun content If ever you have any questions about our products or suggestions for how we can make them better please don't hesitate to contact us Happy reading EXCERPT FROM THE BOOK You've probably figured out a few mistakes to avoid already but you'd probably be surprised at what many employers are turned off by when reading cover letters Lack of proofreading This is a no brainer but many people often miss them or don't bother to spell check before sending out the cover letter and resume It's always a good idea to ask a friend or family member to check your letter for spelling errors and typos to give you a fresh perspective Not including the name of the hiring manager If you don't know who is going to read your cover letter and resume try to find out When in doubt call the company and ask who the person in charge of that department is so you can target your letter appropriately Not writing to an audience Focus each letter on each employer According to Career Builder 44 percent of executives polled said it's common for applicants to use their cover letters to show they've learned more about the job Doing so can give you an edge against the competition Failing to sell yourself If you undersell your skills and qualifications you won't make an impression on the reader Don't just talk about your accomplishments give concrete examples Regurgitating the resume Cover letters weren't meant as a tool to repeat everything that's in your resume It's a tool to build on it and an opportunity to correlate your experience with the job you're applying for Include any training classes awards and recognition you've received in the past that might give you an edge over the competition Buy a copy to keep reading
