## **Pdf Active Intolerance Foucault Information Abolition:**

*Militant Acts* Marcelo Hoffman, 2019-01-01 *Militant Acts* presents a broad history of the concept and practice of investigations in radical political struggles from the nineteenth century to the present. Radicals launched investigations into the conditions and struggles of the oppressed and exploited to stimulate their political mobilization and organization. These investigations assumed a variety of methodological forms in a wide range of geographical and institutional contexts and they also drew support from the participation of intellectuals such as Marx, Lenin, Mao, Dunayevskaya, Foucault, and Badiou. Marcelo Hoffman analyzes newspapers, pamphlets, reports, and other source materials which reveal the diverse histories, underappreciated difficulties, and theoretical import of investigations in radical political struggles. In so doing, he challenges readers to rethink the supposed failure of these investigations and concludes that the value of investigations in radical political struggles ultimately resides in the possibility of producing a new political we.

**The Rise of Neoliberal Philosophy** Brandon Absher, 2021-08-20 In *The Rise of Neoliberal Philosophy: Human Capital, Profitable Knowledge, and the Love of Wisdom*, Brandon Absher argues that the neoliberal transformation of higher education has resulted in a paradigm shift in philosophy in the United States, leading to the rise of neoliberal philosophy. Neoliberal philosophy seeks to attract investment by demonstrating that it can produce optimal return. Further, philosophers in the neoliberal paradigm internalize and reproduce the values of the prevailing social order in their work, reorienting philosophical desire toward the production of attractive commodities. The aim of philosophy in the neoliberal university, Absher shows, has become the production of human capital and profitable knowledge.

**Active Intolerance** Perry Zurn, Andrew Dilts, 2016-01-26 This book is an interdisciplinary collection of essays on *Le Groupe d'information sur les prisons*, The Prisons Information Group, or GIP. The GIP was a radical activist group extant between 1970 and 1973 in which Michel Foucault was heavily involved. It aimed to facilitate the circulation of information about living conditions in French prisons and over time it catalyzed several revolts and instigated minor reforms. In Foucault's words, the GIP sought to identify what was intolerable about the prison system and then to produce an active intolerance of that same intolerable reality. To do this, the GIP gave prisoners the floor so as to hear from them about what to resist and how. The essays collected here explore the GIP's resources both for Foucault studies and for prison activism today.

ankle monitors and predictive policing algorithms are being deployed to classify and coerce specific populations and whether these innovations can be appropriated and reimagined for more liberatory ends
