**Eternity Street** John Mack Faragher, 2015-12-31 A fascinating account of the twisted threads of murder ethnic violence and mob justice in 19th century Southern California Jill Leovy author of *Ghettoside* A History of Murder in America in the Los Angeles Times Los Angeles is a city founded on blood Once a small Mexican pueblo teeming with Californios Indians and Americans all armed with Bowie knives and Colt revolvers it was among the most murderous locales in the Californian frontier In *Eternity Street* Violence and Justice in Frontier Los Angeles a vivid disturbing portrait of early Los Angeles Publishers Weekly John Mack Faragher weaves a riveting narrative of murder and mayhem featuring a cast of colorful characters vying for their piece of the city These include a newspaper editor advocating for lynch laws to enact a crude manner of racial justice and a mob of Latinos preparing to ransack a county jail and murder a Texan outlaw In this groundbreaking True West look at American history Faragher shows us how the City of Angels went from a lawless outpost to the sprawling metropolis it is today

**American Disruptor** Roland De Wolk, 2021-04-13 The rags to riches story of Silicon Valley's original disruptor American Disruptor is the untold story of Leland Stanford from his birth in a backwoods bar to the founding of the world class university that became and remains the nucleus of Silicon Valley The life of this robber baron politician and historic influencer is the astonishing tale of how one supremely ambitious man became this country's original disruptor reshaping industry and engineering one of the greatest raids on the public treasury for America's transcontinental railroad all while living more opulently than maharajas kings and emperors It is also the saga of how Stanford once a serial failure overcame all obstacles to become one of America's most powerful and wealthiest men using his high elective office to enrich himself before losing the one thing that mattered most to him his only child and son Scandal and intrigue would follow Stanford through his life and even after his death when his widow was murdered in a Honolulu hotel a crime quickly covered up by the almost stillborn university she had saved Richly detailed and deeply researched American Disruptor restores Leland Stanford's rightful place as a revolutionary force and architect of modern America

**California Exposures** Richard White, 2020-03-17 Winner of the 2021 California Book Award Californiana category A brilliant California history in word and image from an award winning historian and a documentary photographer This is the West sir When the legend becomes fact print the legend This indelible quote from *The Man Who Shot Liberty Valance* applies especially well to California where legend has so thoroughly become fact that it is visible in everyday landscapes Our foremost historian of the West Richard White never content to print the legend collaborates here with his son a talented photographer in excavating the layers of legend built into California's landscapes Together they expose the bedrock of the past and the history they uncover is astonishing Jesse White's evocative photographs illustrate the sites of Richard's historical investigations A vista of Drakes Estero conjures the darkly amusing story of the Drake Navigators Guild and its dubious efforts to establish an Anglo Saxon heritage for California The restored Spanish missions of Los Angeles frame another origin story in which California's native

inhabitants civilized through contact with friars gift their territories to white settlers But the history is not so placid A quiet riverside park in the Tulare Lake Basin belies scenes of horror from when settlers in the 1850s transformed native homelands into American property Near the lake bed stands a small marker commemorating the Mussel Slough massacre the culmination of a violent struggle over land titles between local farmers and the Southern Pacific Railroad in the 1870s Tulare is today a fertile agricultural county but its population is poor and unhealthy The California Dream lives elsewhere The lake itself disappeared when tributary rivers were rerouted to deliver government subsidized water to big agriculture and cities But climate change ensures that it will be back the only question is when *Filming in European Cities* Ipek A. Celik Rappas,2025-03-15 Filming in European Cities explores the effort behind creating screen production locations Ipek A Celik Rappas accounts the rising demand for original and affordable locations for screen projects due to the growth of streaming platforms As a result screen professionals are repeatedly tasked with chores such as transforming a former factory in Istanbul to resemble a war zone in Aleppo or finding a London street that evokes Barcelona Celik Rappas highlights the pivotal role crew members play in transforming cities and locations into functional screen settings Examining five European media capitals Athens Belfast Berlin Istanbul and Paris the book delves into the overlooked aspects of location related screen labor and its ability to generate production value Filming in European Cities demonstrates that in its perpetual quest for authentic filming locations the screen industry extracts value from cities and neighborhoods their marginalized residents and screen labor enriching itself through this triple exploitation
