Cormac McCarthy's Neoliberalism Brian James Schill, 2025-04-10 In Cormac McCarthy's Neoliberalism Breakdown in Mercantile Ethics editor Brian James Schill gathers insightful essays that probe how McCarthy's works have commented on and caricatured the economic political and cultural forces of neoliberalism Spanning McCarthy's career from Suttree to his final novels The Passenger and Stella Maris this volume positions McCarthy as both a chronicler of and a participant in the neoliberal era The contributors explore how McCarthy's fictions often set against vast barren landscapes reflect the predatory logic of neoliberal capitalism marked by economic inequality environmental degradation and social upheaval The nine essays presented here argue that McCarthy's critiques go beyond the superficial and delve deeply into the material and cultural conditions shaped by neoliberal governance By examining the commodification and accumulation of wealth both in the settings of his novels and the lives of his characters McCarthy is revealed as both a sharp observer of the social consequences of unchecked capitalist expansion and a participant in that expansion Ultimately Cormac McCarthy's Neoliberalism demonstrates how the master's works grapple with the ways in which neoliberalism has reshaped human relationships from the intimate to the institutional while casting a spotlight on those left behind by global economic forces

**J. M. Coetzee and Neoliberal Culture** Andrew Gibson, 2022 Reads the writings of J M Coetzee against the democratic culture of neoliberalism and examines how by aesthetic means he enters a range of nuanced subtly inflected differences with the dominant culture and how his readers can enter them via attention to his work *Branding Authoritarian Nations* Petra Alderman, 2023-07-28 Branding Authoritarian Nations offers a novel approach to the study of nation branding as a strategy for political legitimation in authoritarian regimes using the example of military ruled Thailand The book argues that nation branding is a political act that is integral to state legitimation processes particularly in the context of authoritarian regimes It applies its alternative reading of nation branding to eight different sectors tourism economy foreign direct investment foreign policy education culture public relations and the private sector The author explains that nation branding produces specific kinds of applied national myths referred to as strategic national myths She shows that nation branding is an inherently inward looking strategy aimed at shaping the social attitudes and behaviours of the nation's citizens in line with the government's domestic agenda and legitimation needs Providing the first comprehensive analysis of nation branding in Thailand and the first book length account of the country's political developments since the 2014 2019 military rule the book is primarily aimed at academics in the disciplines of politics international relations communication and area studies as well as business cultural and intercultural studies **Equality and Freedom in Rancière and Foucault** Stuart Blaney, 2024-12-12 Responding to the increasing need for new and peaceful forms of emancipation Stuart Blaney offers a unique solution in the synergy between two pioneering strands of continental philosophy Michael Foucault's ideas on freedom and Jacques Rancière's ideas on equality Building a dialogue between these two thinkers Blaney presents new perspectives on their work and a

clear picture that emancipation comes from everyday practices rather than any particular movement or revolution In exploring these combined views of equality and freedom Blaney draws on some of the central facets of both concepts including revolution disagreement care for the self free speech and stoicism To put these ideas into a practical framework of real lived experience we are introduced to the figure of Louis Gabriel Gauny the 19th century worker poet and self confessed plebeian philosopher Gauny is a nexus for Ranci re s and Foucault s ideas his life exemplifying a dual mode of existence in between conformity and political revolution This lived philosophy of equality and freedom shows the strong synergy between the two concepts with one reinforcing the other and strengthening their efficacy as forms of emancipatory practice *The Last Man Takes LSD* Mitchell Dean, Daniel Zamora, 2021-05-25 Foucault s personal and political experimentation its ambiguous legacy and the rise of neoliberal politics Part intellectual history part critical theory *The Last Man Takes LSD* challenges the way we think about both Michel Foucault and modern progressive politics One fateful day in May 1975 Foucault dropped acid in the southern California desert In letters reproduced here he described it as among the most important events of his life one which would lead him to completely rework his *History of Sexuality* That trip helped redirect Foucault s thought and contributed to a tectonic shift in the intellectual life of the era He came to reinterpret the social movements of May 68 and reposition himself politically in France embracing anti totalitarian currents and becoming a critic of the welfare state Mitchell Dean and Daniel Zamora examine the full historical context of the turn in Foucault s thought which included studies of the Iranian revolution and French socialist politics through which he would come to appreciate the possibilities of autonomy offered by a new force on the French political scene that was neither of the left nor the right neoliberalism *Foucault, Neoliberalism, and Beyond* Stephen W. Sawyer, Daniel Steinmetz-Jenkins, 2019-04-30 Few philosophers have garnered as much attention globally as Michel Foucault But even within this wide reception the consideration given to his relationship to neoliberalism has been noteworthy However the debate over this relationship has given rise to a great deal of polemics and confusion This volume brings together leading figures in the field to provide a reliable guide to one of the most controversial subjects in recent continental thought It puts across the case for Foucault s importance for post colonial race queer and feminist studies among other areas and opens up his relationship to neoliberalism to offer a broader picture of tensions brewing within the left more generally **Interdiscipline** Petar Ramadanovic, 2021-11-29 This book brings together two different discussions on the value of the humanities and a broader debate on interdisciplinary scholarship in order to propose a new way beyond current threats to the humanities Petar Ramadanovic offers nothing short of a drastic rehaul of our approaches to literary scholarship the humanities and university systems Beginning with an analysis of what is often referred to as the crises in the humanities the author looks at the specifics of literary studies but also issues around working conditions for academics From precarity and pay conditions to peer review the book has practical as well as theoretical implications that will resonate throughout the humanities While

most books defending the humanities emphasize the uniqueness of the subject or area Ramadanovic does the opposite emphasizing the need for interdisciplinarity and combined knowledge This proposal is then fully explored through literary studies and its potential throughout the humanities and beyond into the sciences Interdiscipline is not just a defense of literature and the humanities it offers a clear and inspiring pathway forwards drawing on all disciplines to show their cultural and social significance The book is important reading for all scholars of literary studies and also throughout the humanities

*Le dernier homme et la fin de la Révolution* Daniel Zamora, Mitchell Dean, 2019-08-22 T00:00:00-04:00 La dernière d'ennemie de Michel Foucault a coïncidé avec l'agonie des espoirs de transformation sociale qui avaient marqué l'après-guerre Face à cette fin de la révolution le philosophe a tenté de réinventer la manière dont nous pensons la politique et la résistance ce que sa génération n'avait jugé que il n'y avait pas aussi à faire C'est dans cette perspective qu'il s'est intéressé au néolibéralisme en tant qu'outil permettant de repenser les fondements conceptuels de la gauche et d'imaginer une gouvernabilité plus tolérante aux expérimentations sociales ouvrant un espace aux pratiques minoritaires et une plus grande autonomie du sujet vis-à-vis de lui-même Le moyen en somme de réaliser le projet non pas la fin de sa vie celui de ne pas tellement gouverner Et c'est ainsi que dans sa quête d'une gouvernabilité de gauche Foucault a anticipé et contribué en quelque sorte au façonnement de la situation politique contemporaine

Foucault y el fin de la revolución Mitchell Dean, Daniel Zamora, Felisa Santos, 2024-10-21 LSD sexo Mayo del 68 neoliberalismo Foucault un filósofo que a cuarenta años de su muerte mantiene una vigencia tan inapelable como controvertida Michel Foucault marcó un antes y un después en el pensamiento contemporáneo Es uno de los filósofos más importantes de las últimas décadas cuya influencia llega hasta nuestros días En este libro novedoso Mitchell Dean y Daniel Zamora exploran especialmente una etapa determinante de su vida y obra haciendo pie en mayo de 1975 cuando probó LSD en el desierto californiano vivencia fundamental que lo impulsó a revisar su obra y lanzarse a nuevas experiencias sexuales filosóficas y políticas Foucault y el fin de la revolución explora un tiempo convulsionado que va del Mayo del 68 a la experiencia en California pasando por el descubrimiento de las ideas neoliberales marcado por el polémico coqueteo con la revolución iraní y atravesado por el vínculo zigzagueante con la izquierda Un libro fundamental para ingresar en el universo de un filósofo que a cuarenta años de su muerte mantiene una vigencia inapelable **Foucault against Neoliberalism?**

Geoffroy de Lagasnerie, 2020-07-07 In the late 1970s Michel Foucault dedicated a number of controversial lectures on the subject of neoliberalism Had Foucault been seduced by neoliberalism Did France's premier leftist intellectual near the end of his career turn to the right In this book Geoffroy de Lagasnerie argues that far from abandoning the left Foucault's analysis of neoliberalism was a means of probing the limits and lacunae of traditional political philosophy social contract theory Marxism and psychoanalysis For Lagasnerie Foucault's analysis was an attempt to discover neoliberalism's singularity understand its appeal and unearth its emancipatory potential in order to construct a new art of rebelliousness By reading Foucault's lectures on neoliberalism as a means of developing new practices of emancipation Lagasnerie offers an original

and compelling account of Michel Foucault's most controversial work
