*Literacy Essentials* Regie Routman, 2023-10-10 In her practical and inspirational book *Literacy Essentials Engagement Excellence and Equity for All Learners* author Regie Routman guides K-12 teachers to create a trusting, intellectual, and equitable classroom culture that allows all learners to thrive as self-directed readers, writers, thinkers, and responsible citizens. Over the course of three sections, Routman provides numerous *Take Action* ideas for implementing authentic and responsive teaching, assessing, and learning. This book poses a key question: How do we rise to the challenge of providing an engaging, excellent, equitable education for all learners, including those from high-poverty and underserved schools? **Teaching for Engagement** Many high-performing schools are characterized by a thriving school culture built on a network of authentic communication. Teachers can strengthen classroom engagement by building a trusting and welcoming environment where all students can have a safe and collaborative space to grow and develop. Pursuing Excellence Routman identifies 10 key factors that describe an excellent teacher, ranging from intellectual curiosity to creativity, and explains how carrying yourself as a role model contributes to an inclusive, caring, empathetic, and fair classroom. She also stresses the importance for school leaders to make job-embedded professional development a top priority. **Dismantling Unequal Education** The huge gap in the quality of education in high vs. low-income communities is the civil rights issue of the 21st century, according to Routman. She spells out specific actions educators can take to create more equitable schools and classrooms, such as diversifying texts used in curriculums and ensuring all students have access to opportunities to discuss, reflect, and engage with important ideas. From the author: I wrote *Literacy Essentials* because I saw a need to simplify teaching, raise expectations, and make expert teaching possible for all of us. I saw a need to emphasize how a school culture of kindness, trust, respect, and curiosity is essential to any lasting achievement. I saw a need to demonstrate and discuss how and why the beliefs, actions, knowledge we hold determine the potential for many of our students. Equal opportunity to learn depends on a culture of engagement and equity, which underlies a relentless pursuit of excellence.

**Chart a New Course** Rachelle Dene Poth, 2020-03-10 Discover ways to empower students to build confidence in sharing their learning, becoming more responsible digital citizens, and evolving into classroom creators. In researching the top skills students need to succeed in the future, author Rachelle Dene Poth identified the following: ability to communicate, work in teams, think creatively, problem solve, and design. This book shows educators how to help students develop these essential skills through authentic, real-world learning experiences, building a pathway for the future of learning and work. In *Chart a New Course*, educators will get the tools they need to design more purposeful learning experiences to drive student engagement and motivation, promote creativity in learning, model risk-taking, and build classroom culture. Readers will discover how these activities can be woven into instruction rather than layered on existing curriculum, with ideas for getting started, suggestions in response to the statement, "If you're doing this, try this instead," and lessons learned along the way. The book will foster authentic learning through integration of digital tools and emerging
