Urban Development and Planning Bikram Pattanaik, 2025-03-20 This book details the most contemporary concerns related to urban development governance and planning as well as the challenges to urban administration. It analyses the policies and programmes adopted by both high income and lower middle income countries to achieve sustainable urbanization and their application and treatment to help students get a holistic practical perspective of the issues at hand. This volume elucidates urban development theories and approaches coupled with urban planning, local government finance, urban management and urban governance. It also discusses urban issues and challenges such as education, health, waste management, land use planning, housing and transport. Critical concerns related to urban water bodies, open spaces, urban heritage and smart cities and urban future are similarly addressed. This book will be useful to students, researchers and teachers of urban planning and architecture, urban sociology, economics, geography, environmental science and public administration. It shall also be useful to NGOs, parastatal bodies and trainers of urban planning and development. Planners, policymakers, functionaries and elected representatives of urban local bodies may also use this book as a capacity building instrument.

A Better Metro Manila? Teresa S. Encarnacion Tadem, Maria Ela L. Atienza, 2023-02-28 This book contributes to efforts in furthering the democratization and development processes in the Philippines by examining the decentralization efforts in Metro Manila. It explores existing as well as proposed development models for governance with focus on the effective and efficient delivery of social services bringing forth growth with equity through development efforts and addressing national local concerns to promote political and socio economic stability in the country. In doing so the book examines the strong and weak governance points in the National Capital Region of the Philippines and identifies areas for reform.

Mundus Urbano: (Re)thinking Urban Development Luana Xavier Pinto Coelho, Lorena Melgaco Silva Marques, Regina Orvananos Murguia, 2013-06-27 As we enter a Mundus Urbano urban issues become even more central to many professions related to planning. This situation not only reinforces long identified challenges but also generates new ones for which planners from all different fields of inquiry have to re think their own practice. This book gathers works that reflect recent challenges examined by the fresh eyes of young professionals brought together to stretch conventions towards an innovative approach to urban studies. The reader will find world wide as well as more localised study cases in four chapters that embed the most up to date questions permeating the field: sociocultural production and urban space, urban governance and social challenges, contemporary planning and cooperating in the south and sustainable urban infrastructure. Each of these chapters is introduced by prominent authors such as Prof Amos Rapoport PhD, Jaqueline Britto P. Ivora, Prof Guiqing Yang and Cor Dijkgraaf who have been of great importance during the course of this advanced Master studies.
