How to Ruin Your Education and TV Viewing Spencer D. Gear, 2022-03-31 What will you do as a parent if your fourteen year old comes home from school and says You and the teachers have been telling me Columbus discovered the Americas You've lied to me because that isn't true There are no such things as facts and I decide the meaning of what is written in my textbooks I'm the one who chooses the interpretation of any writing including history and the stories of Columbus How are you going to answer especially in light of what the Encyclopaedia Britannica states about Columbus This book examines how historical Jesus scholar John Dominic Crossan has dismantled education TV viewing by application and religious studies with his postmodern deconstruction of the text His theme is I formulate it here as I see it Texts and interpretations are out of the mind of Crossan Using a hypothesis testing technique the author challenges Crossan's perspective that Jesus's resurrection was an apparition and not a bodily resurrection Even though he calls on others to First read the text that is not what he does The philosophical crusher has found him out to be contradictory in his assessment of history in his autobiography and his own writings on the historical

Jesus *The Conceptual Worlds of the Fourth Gospel* Charles B. Puskas, C. Michael Robbins, 2021-01-08 Over and under and through John's story of Jesus are unforgettable ideas and concepts profoundly simple and simply profound for the author's own audience and beyond. These ideas did not originate in a vacuum. They have recurred and been repeated before and after the writing of the Fourth Gospel. For this reason, we will examine the meaning of its words and themes in the context of its Jewish Greco-Roman milieu. Much of our intertextual understanding will be derived from alleged parallels that involve comparisons of similar vocabulary and phrases as well as parallel concepts and images from the Old Testament, the Dead Sea Scrolls, Philo, and other relevant writings. Such parallels will help to determine the meaning of a word or expression, the translation of a particular language, determining any direct influences upon the Fourth Gospel, parallel traditions, or the influence of its ideas as a creative and inspiring work of later antiquity.

Becoming Nonviolent Peacemakers Eli Sasaran McCarthy, 2012-07-11 Why do many U.S. residents, Catholics, and Catholic leaders among them too often fall short of adequately challenging the use of violence in U.S. policy? The opportunities and developments in approaches to peacemaking have been growing at a significant rate. However, violent methods continue to hold significant sway in U.S. policy and society as the commonly assumed way to peace. Even when community organizers, policymakers, members of Catholic leadership, and academics sincerely search for alternatives to violence, they too often think about nonviolence as primarily a rule or a strategy. Catholic Social Teaching has been moving toward transcending the limits of these approaches, but it still has significant room for growth. In order to contribute to this growth and to impact U.S. policy, McCarthy draws on Jesus, Gandhi, Ghaffar Khan, and King to offer a virtue-based approach to nonviolent peacemaking with a corresponding set of core practices. This approach is also set in conversation with aspects of human rights discourse to increase its possible impact on U.S. policy. As a whole, *Becoming Nonviolent Peacemakers* offers an important challenge to contemporary accounts of peacemaking in the U.S.

Jerusalem in Memory and Eschatology Emma O'Donnell Polyakov, 2025-06-12 Investigating a range of eschatological ideologies, this volume explores the connection between notions of sacred space and time in Jewish, Christian, and Muslim understandings of Jerusalem. The recognition of Jerusalem as a holy city both unites and divides Judaism, Christianity, and Islam. While these three religious traditions share a reverence for the same ancient city, this veneration leads more often to tension and violence than to commonality and cooperation. Each of these religions draws heavily from religious memory and eschatological prophecies and sees Jerusalem as a site of past and future upheaval; however, the distinctions in their visions imbue Jerusalem with meanings that reinforce conflicting and contested ideologies. Offering multiple analyses of religious interpretations of the city and its sacred sites, this volume explores these divergent visions of the remembered and anticipated Jerusalem.
