Truth and Responsibility: A Personalist Reading of Newman Jan Klos, 2023-11-13 This book goes beyond a simple study of Newman's thought and work and seeks to apply his deductions to modern value conflicts. Although it will be of particular relevance to academic readers with some prior knowledge of Newman's works, it may also be of wider interest to students of history, philosophy, theology, and spirituality. More generally, its unusual focus on Newman's epistemology and philosophical deductions and how these relate to present-day dilemmas should also attract interest from his many non-academic followers and devotees. The main value of this work lies in its original approach to Newman from a Polish Personalist perspective and this rather than as another amorphous study of Newman could give it novelty value and attract real interest from Newman scholars and experts. Jonathan Luxmoore, Oxford-based writer and Church historian. How do we evaluate a human life, our own life? Beginning with John Henry Newman's defence of his life, Jan Klos in this volume sensitively explores from a personalist perspective how all our lives involve struggle with commitment, responsibility, and truth. In its emphasis on the narrative structure of human lives, the book makes a valuable contribution not just to the philosophy of personalism but to social theory overall. Douglas Porpora, Professor of Sociology, Drexel University. The Book of One Dennis Waite, 2010-05-11 A comprehensive yet entertaining introduction to Advaita, the non-dual philosophy which provides a completely reasonable explanation for who we are and the nature of the universe. There are many self-help approaches promising enlightenment and happiness, but most are illogical and lack any proven capability. Advaita has a guru-disciple tradition stretching back for several thousand years and can guarantee the sincere seeker a progressive path to self-realization. A 21st Century treatment of this ancient eastern philosophy, this book addresses all of the issues that are covered by both traditional teachers from the lineage of Shankara and by modern satsang teaching and Direct Path methods stemming from Ramana Maharshi and Krishna Menon. Topics are explained in an accessible and readable manner using amusing quotations and stories along with an abundance of metaphors from a wide variety of sources. *Atlantis Rising Magazine Issue 22 - ARE WE APPROACHING THE ABYSS?
