Technological Development and Impact on Economic and Environmental Sustainability Bayar, Yilmaz,Sasmaz, Mahmut Unsal,Ozturk, Omer Faruk,2022-03-25 The globalized world has experienced significant improvements in production and consumption in a heterogeneous way since the industrial revolution However the considerable environmental degradation and energy wars resulting from the limited fossil energy sources brought the issue of sustainable development to the world agenda Sustainable development has become one of the most discussed issues at country and international levels and requires further investigation to fully understand how we can move towards a more sustainable future Technological Development and Impact on Economic and Environmental Sustainability explores the determinants of economic social and environmental sustainability from a multidisciplinary perspective in the globalized world analyzes the impacts of applied sustainable policies and considers the improvements in the Sustainable Development Goals Covering topics such as economic growth and climate change this reference work is ideal for researchers academicians scholars practitioners industry professionals instructors and students

Regulatory Problems and Disorders in Early Childhood: Aetiology, Contextual Factors, Developmental Outcomes and Pathways, and Treatment Options Anna Katharina Georg, Ayten Bilgin, Julia Jaekel,2025-01-08 Regulatory problems defined as excessive crying sleeping or feeding problems are among the most common concerns of parents with children 0 5 years old These problems are typically understood within the context of the parent child relationship however the complex underlying mechanisms that explain the occurrence and continuation as well as long term outcomes of regulatory problems are still poorly understood Despite some promising

treatment options important knowledge gaps remain to be addressed which will inform evidence based practice for services of children aged 0 5 With this Research Topic we aim to bring together research from different countries and from multidisciplinary research backgrounds on the topic of regulatory problems and disorders We particularly encourage research that focuses on observed parent child interactions in relation to regulatory problems We view regulatory problems as a transdiagnostic biopsychosocial concept covering excessive crying sleeping and or feeding and eating problems However studies with a focus on any of these problems are also encouraged

Handbook on Prisons Yvonne Jewkes, Ben Crewe, Jamie Bennett, 2016-02-23 The second edition of the Handbook on Prisons provides a completely revised and updated collection of essays on a wide range of topics concerning prisons and imprisonment Bringing together three of the leading prison scholars in the UK as editors this new volume builds on the success of the first edition and reveals the range and depth of prison scholarship around the world The Handbook contains chapters written not only by those who have established and developed prison research but also features contributions from ex prisoners prison governors and ex governors prison inspectors and others who have worked with prisoners in a wide range of professional capacities This second edition includes several completely new chapters on topics as diverse as prison design technology in prisons the high security estate therapeutic communities prisons and desistance supermax and solitary confinement plus a brand new section on international perspectives The Handbook aims to convey the reality of imprisonment and to reflect the main issues and debates surrounding prisons and prisoners while also providing novel ways of thinking about familiar penal problems and enhancing our theoretical understanding of imprisonment The Handbook on Prisons Second edition is a key text for students taking courses in prisons penology criminal justice criminology and related subjects and is also an essential reference for academics and practitioners working in the prison service or in related agencies who need up to date knowledge of thinking on prisons and imprisonment
