Joe discusses a variety of mobile scanning options for iOS, iPadOS and Android. Using paperless options for bills, invoices, bank statements and the like. Cutting down on unwanted catalogs and junk mail. Switching to mostly paperless postal mail. Using your computer to send and receive faxes without a fax machine, fax modem or separate phone line. Amazingly some people still need to do this even in the 21st century. The book contains answers to numerous questions including: What is a searchable PDF and why is it key to a paperless office? What differentiates document scanners from other types of scanners? What's a book scanner? What if I need a mobile portable scanner? What does TWAIN stand for and should my scanner support it? Why do I need OCR software and what features should I look for?
