Pdf Online New Normal Future Legal Industry:

Legal Education and Legal Profession During and After COVID-19 C. Raj Kumar, S.G. Sreejith, 2022-07-13 This edited volume records the amazing transformations brought about by leaders in legal education and legal profession. It captures experiences and experiments in the governance of law schools and legal profession during the COVID 19 pandemic as case studies, ideas which helped in resilience and which could show the way forward. The psychological, philosophical and sociological aspects of the transformation and the spiritual and material sources of motivation of the leadership. The contributions are along the following themes: The shifting idea of law school systems and processes; The new normal in legal profession; Psychological, philosophical and sociological aspects of transformation; Experiences from global regions and countries; Legal education and legal profession in a post COVID world. Through these five themes and the eighteen contributions, the volume seeks to answer questions like: how the educational and professional leaders adapted to the circumstances by building a new normal; How and to what extent their own legal education and professional experiences informed their actions during the Pandemic; How they reimagined ambitions and reordered systems and processes; What type of guidance and support they received from the state and regulatory bodies; How they guaranteed the well-being of students, faculty and staff during the Pandemic and the transition; How they upheld professional values and ethics when contexts of their application collapsed.

Political, Economic and Legal Effects of Artificial Intelligence Georgios I. Zekos, 2022-03-07 This book presents a comprehensive analysis of the alterations and problems caused by new technologies in all fields of politics. It further examines the impact of artificial intelligence (AI) on the nexus between politics, economics and law. The book raises and answers several important questions: What is the role of AI in politics? Are people prepared for the challenges presented by technical developments? How will AI affect future politics and human society? How can politics and law deal with AI's disruptive technologies? What impact will AI and technology have on law? How can efficient cooperation between human beings and AI be shaped? Can artificial intelligence automate public decision making? Topics discussed in the book include but are not limited to: digital governance, public administration, digital economy, corruption, democracy and voting, legal singularity, separation of power, constitutional rights, GDPR in politics, AI personhood, digital politics, cyberspace, sovereignty, cyberspace transactions and human rights. This book is a must-read for scholars and students of political science, law and economics as well as policy makers and practitioners interested in a better understanding of political, legal and economic aspects and issues of AI.

Modernising European Legal Education (MELE) Oskar J. Gstrein, Mareike Fröhlich, Caspar van den Berg, Thomas Giegerich, 2023-08-22 This open access book presents innovative strategies to address cross-cutting topics and foster transversal competences. The modernization of European legal education presents a compelling challenge that calls for enhanced interdisciplinary collaboration among academic disciplines and innovative teaching methods. The volume introduces venues towards education innovation and engages with complex and emerging topics such as datafication, climate

change gender and the aftermath of the COVID 19 pandemic The insights presented not only emphasize the importance of preserving traditional approaches to legal disciplines and passing them on to future generations but also underscore the need to critically reassess and revolutionize existing structures As our societies become more diverse and our understanding of legitimacy justice and values undergoes transformations it is imperative to reconsider the role of traditional values while exploring promising alternative approaches
