The Biden White House is expected to send a letter to news agencies directing them to ramp up scrutiny of the Impeachment inquiry into President Joe Biden.

According to the leaked letter the White House is attempting to influence the medias perspective and dictate how they report. They're asking the media to report on the lack of evidence and we're already seeing some outlets jump on board.

This is not democracy. This mixed with everything else this administration has done crosses every line we as Americans consider sacred. This is without a doubt the most corrupt time in American history!

Now it's becoming increasingly clear that Trump was right about everything! How can anyone rational American vote for this in 2024?

*Building Brand Communities* Carrie Melissa Jones, Charles Vogl, 2020-06-09 An authentic brand community is more than just people buying your product or working alongside one another. This book articulates the critical roles of mutual concern, common values and shared experiences in creating fiercely loyal customer and collaborator relationships. Smart organizations know that creating communities is the key to unlocking unprecedented outcomes. But too many mistakenly rely on superficial transactional relationships as a foundation for community when really people want something deeper. Carrie Melissa Jones and Charles Vogl argue that in an authentic and enriching community members have mutual concern for one another, share personal values and join together in meaningful shared experiences whether online or off. On the deepest level, brands must help members grow into who they want to be. Jones and Vogl present practices used by global brands like Yelp, Etsy, Twitch, Harley Davidson, Salesforce, Airbnb, Sephora and others to connect in a meaningful way with the people critical for their success. They articulate how authentic communities can serve organizational goals in seven different areas: innovation, talent recruitment, customer retention, marketing, customer service, building transformational movements and creating community forums. They also reveal principles to grow a new brand community to critical mass. This is the first comprehensive guide to a crucial differentiator that gives organizations access to untapped enthusiasm and engagement.

So You're an Atheist. Now What? Yuriy Nikshych, 2015-04-01 What will everyone think once they find out that you're an atheist? How will you find happiness now that you no longer believe? This handbook for the newly deconverted offers support and helps readers learn to find meaning, shed the emotional baggage, defend your position in debates, and become awesome. This book is not aimed at people who are questioning their faith; it doesn't aim to deconvert anyone. Rather, this book is designed for atheists, especially those who have recently woken up to find their faith is gone. You may still be getting used to your new worldview, and you may still have an irrational lingering fear of hell, even though you're no longer a believer. The author explores the questions that may be swirling in your mind: Where do atheists get their morals from? How do you let go of the emotional scars of religion? How do you talk to believers? How can you address the most common

arguments that believers might raise Most important how do you find meaning in life This book draws on the work of an army of freethinkers who came before It s a cheerful review of the atheist s problems and how to get on with life with more freedom and vigor than ever
