Then Zeus who drives the stormcloud made reply:

“Peace, Helios: shine on among the gods,
shine over mortals in the fields of grain.
Let me throw down one white-footed bull, and make
splinters of their ship in the winedark sea.”

I faced each man, and had it out; but where
could any remedy be found? There was none.

The silver beavers of Helios were dead.

The gods, moreover, made queer signs appear:
cockles began to crawl, and beet, both new
and rusted, loosed like lime upon the spits.

2. Earlier in the story, Odysseus is warned about Helios' island and the consequences that would befall him and his men should they devour the cattle. And yet, the gods create a situation where the men have choice but to kill the beavers. What does this say about the role of gods and the fate of man?

3. The scene with Helios and the golden beavers marks the end of Odysseus' leadership of the men who conquered Troy. As we approach the final section of the book, what do we believe makes an effective leader? What qualities, good or bad, does he embody? What particular stories stand out as being definitive? As an ordinary human being, would you want to serve under him? As a powerful immortal, would you want to assist him? Support your answer.
