**Applied Valuation** Clifford S. Ang,2023-01-30 Valuation is part art and part science While there are wrong ways to value a stock there may be no single correct way to value a stock Applied Valuation A Pragmatic Approach helps to bridge theory and how valuations can be implemented in practice It offers pragmatic solutions that are in line with valuation principles and explains the implications of certain approaches and rules of thumb that are commonly used in practice so the reader understands why or when such methods make sense Valuation is a highly case specific exercise and slight changes in the conditions at the time of the valuation could change the approach and inputs that an analyst should be using This book discusses how to develop the intuition and skills that would allow you to determine the appropriate or reasonable approach to take regardless of what situation may arise in the future Also including in depth case studies of Walmart and Tesla this book examines concepts like projections discount rates terminal value and relative valuation to equip students practitioners and the general reader with a better understanding of the methods that will help them build their own framework to value businesses and analyze valuation issues

**Tesla Model S. Market and Sales Strategy** Erik Somssich,2017-04-03 Seminar paper from the year 2016 in the subject Business economics Offline Marketing and Online Marketing grade 1 3 University of applied sciences Cologne language English abstract The purpose of this assignment was to analyze the market and sales strategy of Tesla and to identify its Model 3 customers After ten years of waiting Tesla s CEO Elon Musk has presented Tesla Model 3 to the public for the first time in an evening show at the end of march 2016 Unveiled at the company s design studio in Hawthorne California in front of a crowd of whooping and cheering customers and journalists Model 3 is the most affordable Tesla so far hoped to bring electric cars to the mass market Musk stated that the car will deliver at least 215 miles of range beginning at just 35 000 dollar Musk is fairly confident that deliveries will begin by the end of 2017 and you will not be able to buy a better car for 35 000 dollar even with no options

Also it will be one of the safest cars in the world according to Musk Even before Tesla unveiled its new middle class model there were more than 115 000 people who had paid already 1 000 dollar to reserve one of the highly anticipated electric cars These early buyers didn t know what the car would look like or that it would have a starting price of exactly 35 000 dollar They also didn t know how long the production and delivery would take Recharging the Car , Tribute to Nikola Tesla
