**Theoretical and Applied Perspectives on Teaching Foreign Languages in Multilingual Settings** Anna Krulatz, Georgios Neokleous, Anne Dahl, 2022-06-21 This book promotes linguistically responsive foreign language teaching practices in multilingual contexts by facilitating a dialogue between teachers and researchers. It advances a discussion of how to connect the acquisition of subsequent foreign languages with previous language knowledge to create culturally and linguistically inclusive foreign language classrooms and how to strengthen the connection between research on multilingualism and foreign language teaching practice. The chapters present new approaches to foreign language instruction in multilingual settings, many of them forged in collaboration between foreign language teachers and researchers of multilingualism. The authors report findings of classroom-based research, including case studies and action research on topics such as the functions and applications of translanguaging in the foreign language classroom, the role of learners' own languages in teaching additional languages, linguistically and culturally inclusive foreign language pedagogies, and teacher and learner attitudes to multilingual teaching approaches. **The Crisis**, 1992-04 The Crisis, founded by W. E. B. Du Bois as the official publication of the NAACP, is a journal of civil rights, history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought for leaders, decision makers, peacemakers, and justice seekers. It has chronicled informed, educated, entertained, and in many instances set the economic, political, and social agenda for our nation and its multi-ethnic citizens. **The Hollywood Reporter**, 1990 **Real World Psychology** Catherine A.
