Methods Of Social Research Bailey:

Methods of Social Research Kenneth D. Bailey, 1994 An introduction for undergraduates to every stage of sociological research showing how to deal effectively with typical problems they might encounter The book is fully updated to include examples from the LA riots and the 1992 presidential elections [Guide to Methods for Students of Political Science](#)

Stephen Van Evera, 2015-04-15 Stephen Van Evera greeted new graduate students at MIT with a commonsense introduction to qualitative methods in the social sciences His helpful hints always warmly received grew from a handful of memos to an underground classic primer That primer evolved into a book of how to information about graduate study which is essential reading for graduate students and undergraduates in political science sociology anthropology economics and history and for their advisers How should we frame assess and apply theories in the social sciences I am unpersuaded by the view that the prime rules of scientific method should differ between hard science and social science Science is science A section on case studies shows novices the ropes Van Evera contends the realm of dissertations is often defined too narrowly Making and testing theories are not the only games in town If everyone makes and tests theories but no one ever uses them then what are they for In *Helpful Hints on Writing a Political Science Ph D Dissertation* Van Evera focuses on presentation and on broader issues of academic strategy and tactics Van Evera asks how political scientists should work together as a community All institutions and professions that face weak accountability need inner ethical rudders that define their obligations in order to stay on course

Social Research Methods William Lawrence Neuman, 1994 This book is based on the premise that doing social research is exciting and fun The research process involves discovering and learning new things which are enjoyable experiences In this book the historical background of research techniques is outlined and specific studies are described to show that research is a real life activity carried out by real people *Creative Strategies for Conflict Management & Community Building*

Christian Ndubueze Anyanwu, 2009-11 This book in applying the asset mapping theory of Kretzmann and McKnight 1993 developed a positive communication strategy for minimizing conflicts and building a more Collaborative Communities in Organizations and Churches with much emphasis on inclusivity consensus and commitment to common vision and ideals While critically reviewing the traditional conflict theories in their approaches to conflict management the book uses the new lens provided by the asset mapping theory to recommend for a paradigm shift in the way people look at organizations and conflicts A new emphasis therefore is on the positive elements in organizations the assets that lie within individuals and groups as the key to minimizing conflict in organizations Besides unlike the traditional conflict theories which sees conflict as a problem this new lens sees conflict within organizations as functional and opportunities for growth The book equally identifies some of the significant factors that cause ethnic conflicts within organizations such as Prejudices among Ethnic Groups Differences of Ethnic Groups Power Struggle among Ethnic Groups Discrimination and Injustice against Groups Lack of Participatory Communication and Lack of Participatory Leadership Finally in reviewing the

relevant literatures on Community Building the book underlines the various variables that make Community Building possible Such variables include Discovering and Mobilizing the Assets of Individuals and Groups within Organizations Building Relationships among Individuals and Groups within Organizations Building a more Participatory Leadership within Organizations Building a more Participatory Communication within Organizations Creating more Awareness on the necessity of Collaborative Initiatives as well as Promoting the Common Cultural Values and Ideals that holds Individuals and Groups together within Organization *The Conduct of Social Research* William B. Sanders, Thomas K. Pinhey, 1983 Approaches

to Social Research Royce Singleton, Bruce C. Straits, Margaret Miller Straits, 1993 Thoroughly revised and updated this remarkably successful text offers a sophisticated introduction to social research methods in a variety of fields It provides balanced comprehensive treatment of four major approaches experimentation survey research field research and the use of available data with extensive substantive examples and a clarity of exposition that recommend it to students with no background
