As French Chic Living is a way of life you want to create lasting changes that truly transform you and your world. It's best to go slow but steady. I must say that I was fortunate enough to grow up witnessing how my mother or Maman as I called her managed our household of four. There were so many things that I took for granted at that time. It was only when I had a family of my own that I realized how efficiently and seemingly effortlessly Maman had created a life of joy and beauty for us. In this book I have tried to include all the invaluable tips that you can incorporate into your own life to experience more pleasure and joy. Rest assured that all the information comes from my own experiences as a girl observing how her Maman did things and as a French woman living in Paris with a family of her own. Needless to say all the information that I have outlined in this book are things that I myself practice on a regular basis.
