New Directions in Childhood Studies James M. Curtis, 2024-01-04 New Directions in Childhood Studies Innocence Trauma and Agency in the Twenty-first Century

acknowledges that the conceptual frameworks for understanding the experience of childhood in the twentieth century are no longer adequate and offers important updates to the construct of American childhood The chapters in this collection examine contemporary children s literature film and video games to explore the ways in which everyday realities like trauma disaster and death impact the experience of childhood in America today In many ways the essays show the narratives blur traditional lines between children s and adult content taking children series as subjects while also guiding them through the processes of dealing with the particular challenges Collectively the essays develop a more contemporary construct of the American child and offer new insights into what that construction might mean for contemporary American society and culture

The Human Factor of Cybercrime Rutger Leukfeldt, Thomas J. Holt, 2019-10-11 Cybercrimes are often viewed as technical offenses that require technical solutions such as antivirus programs or automated intrusion detection tools However these crimes are committed by individuals or networks of people which prey upon human victims and are detected and prosecuted by criminal justice personnel As a result human decision making plays a substantial role in the course of an offence the justice response and policymakers attempts to legislate against these crimes This book focuses on the human factor in cybercrime its offenders victims and parties involved in tackling cybercrime The distinct nature of cybercrime has consequences for the entire spectrum of crime and raises myriad questions about the nature of offending and victimization For example are cybercriminals the same as traditional offenders or are there new offender types with distinct characteristics and motives What foreground and situational characteristics influence the decision making process of offenders Which personal and situational characteristics provide an increased or decreased risk of cybercrime victimization This book brings together leading criminologists from around the world to consider these questions and examine all facets of victimization offending offender networks and policy responses Chapter 13 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license
