Parkour and the Art Du Déplacement

Vincent Thibault, 2013 Parkour the art of displacement or freerunning whatever the name this new discipline born in the Paris suburbs is rapidly being adopted by people throughout the world. Not satisfied to suffer through urban life these athletic artists or artistic athletes want to thrive in it all the while earning dignity by daringly reappropriating three fundamental motor skills running jumping and climbing. Vincent Thibault explores the philosophical and spiritual aspects of the art of movement and offers ideas on health sports urban living and the relationship between the body and the environment. Reflecting on the culture of effort he also avoids the misguided notion that depicts parkour as just another of those elitist extreme sports instead providing a thoughtful lyrical adventure into martial arts and chivalry in an urban setting.
