Swarms Viral Writing and the Local examines the social and rhetorical dynamics around emerging writing technologies Carl Whithaus argues that these dynamics work across networked publics as patterns of behavior and ways of interacting through and with multimodal texts This rhetorical analysis of the production and reception of born digital rhetoric shows the ongoing and evolving impacts of online public discourse that can lead to bad restaurant reviews or the subversion of democracy It is a networked process that gains significance because of the interplay and tensions between the global and the local As these texts are created distributed received and then recreated and shared again in viral ways different messages resonate across media ecologies Whithaus documents how emerging social dynamics shape and are shaped by digital writing reading and distribution technologies *I Will Die On This Hill* Meghan Ashburn,Jules Edwards,2023-01-19

There is a significant divide between autistic advocates and parents of autistic children Parents may feel attacked for their lack of understanding and autistic adults who offer insight and guidance are also met with hostility and rejection Meghan Ashburn a mother of two autistic boys and Jules Edwards an autistic parent were no strangers to this tension and had an adversarial relationship when they first met Over time the two resolved their differences and are now co conspirators in the pursuit of disability justice This book unites both perspectives exploring the rift between these communities and encouraging them to work towards a common goal It provides context to dividing issues and the authors use their experience to illustrate where they've messed up where they've got things right and what they've learned along the way **Metaverse** Peter Hoffmann,2025-11-07

The development of the Internet particularly the World Wide Web is currently reaching its limits both technically and in socio cultural and economic terms As a solution a new form of the Internet is being promised one that aims to overcome the boundaries between the real and virtual worlds and merge reality with digitality the metaverse Technical semantic and organizational aspects are closely intertwined in this vision But what does this mean upon closer examination What technological and engineering challenges must be overcome to enable such a fusion What economic opportunities arise and which ones might be off limits How can we ensure the creation of an open and universally accessible metaverse And how can we prevent a scenario in which a few large providers impose their proprietary visions on this new space This book aims to provide answers to these questions In the current edition recent trends and the role of artificial intelligence in the metaverse have also been added Next Generation Internet Peter Hoffmann,2025-01-07
