Michael O'Leary A Life In Full Flight:

Michael O'Leary Alan Ruddock, 2008-03-27 Michael O'Leary is a business giant. He transformed Ryanair from a loss making joke of an Irish carrier into one of the most valuable airlines in the world and in the process he has revolutionized the very nature of commercial aviation. In this the first biography of O'Leary, Alan Ruddock portrays the man in three dimensions and examines the business miracle often talked about but poorly understood. That O'Leary has wrought Ruddock's fast paced retelling of Ryanair's rise and rise confirms O'Leary's insistence that his success has little to do with the management maxims of business gurus and everything to do with graft and ruthless attention to detail. Observer. Probably the definitive Ryanair story, a good read. Sunday Independent. The fullest and most accurate picture of O'Leary to date. Irish Daily Mail. Unlike previous books which simply chart the growth of the airline, this one is bound to get under O'Leary's skin because it reveals a great deal about his hugely driven character. Irish Independent. Ruddock is good on the flavour of the man, a bundle of energy whose two favourite words start with an F and an S: they aren't flower and sugar. Irish Examiner. **Michael**

O'Leary Alan Ruddock, 2008-03-27 This biography provides a detailed account of Ryanair's evolution from small local airline to European giant and an insight into the personality of its flamboyant chief executive Michael O'Leary. **EBOOK:**

Services Marketing: Integrating Customer Focus Across the Firm Alan Wilson, Valarie Zeithaml, Mary Jo Bitner, Dwayne Gremler, 2012-06-16 The Second European Edition of *Services Marketing: Integrating Customer Focus Across the Firm* by Wilson, Zeithaml, Bitner and Gremler uniquely focuses on the development of customer relationships through quality service. Reflecting the increasing importance of the service economy, *Services Marketing* is the only text that puts the customer's experience of services at the centre of its approach. The core theories, concepts and frameworks are retained and specifically the gaps model, a popular feature of the book. The text moves from the foundations of services marketing before introducing the gaps model and demonstrating its application to services marketing. In the second edition, the book takes on more European and International contexts to reflect the needs of courses, lecturers and students. The second edition builds on the wealth of European and International examples, cases and research in the first edition, offering more integration of European content. It has also been fully updated with the latest research to ensure that it continues to be seen as the text covering the very latest services marketing thinking. In addition, the cases section has been thoroughly examined and revised to offer a range of new case studies with a European and global focus. The online resources have also been fully revised and updated, providing an excellent package of support for lecturers and students. **The Economist**, 2007 **The Spectator**, 2007
