No Boring Just Entertainment:

How to Become Great the Easy Way Desmond Mc Kean, 2014-12-12 For eons men have sought greatness yet very few ever reach such a historical status or fame Yet there is a way to surpass even these ones A prime example of such a status is Confucius Confucius is known worldwide Yet when he was alive not too many took him seriously He had a plan to create better conditions in China but the princes and rulers did not view him as royalty so his dream of improving the land did not come about in his lifetime Yet Confucius had some followers and wrote many wise sayings or proverbs It wasn't until after his death that he became world renowned That is the kind of greatness this book will help you achieve guaranteed It is a virtual blueprint in making the reader into the smartest or wisest man who ever lived and is a compass and map leading to the highest position of authority on earth Just as surely as a father is more complex than his son for children cannot understand complex ideals like E MC2 this book will lead you to being smarter or wiser than around you The Advertised Mind Erik

Du Plessis, 2005-05-03 Advertising research organizations have been trying for years to measure the effectiveness of advertising The Advertised Mind draws on the very latest research into the workings of the human brain undertaken by psychologists neurologists and artificial intelligence specialists Author Erik du Plessis uses this research to suggest why emotion is such an important factor in establishing a firm memory of an advertisement and predisposing consumers to buy the brand that is being advertised He also draws on the findings of Adtrack's world famous database of responses to over 30 000 TV commercials the largest in the world He explores what ad liking really means and suggests how this paradigm about the role of emotion has resulted in a continued effort to obtain maximum return from advertising spend **Financial**
