**Swarms, Viral Writing, and the Local** Carl Whithaus, 2025-04-15 *Swarms Viral Writing and the Local* examines the social and rhetorical dynamics around emerging writing technologies Carl Whithaus argues that these dynamics work across networked publics as patterns of behavior and ways of interacting through and with multimodal texts This rhetorical analysis of the production and reception of born digital rhetoric shows the ongoing and evolving impacts of online public discourse that can lead to bad restaurant reviews or the subversion of democracy It is a networked process that gains significance because of the interplay and tensions between the global and the local As these texts are created distributed received and then recreated and shared again in viral ways different messages resonate across media ecologies Whithaus documents how emerging social dynamics shape and are shaped by digital writing reading and distribution technologies

**The Metaverse** Matthew Ball, 2024-07-23 From the leading theorist of the Metaverse comes the eagerly anticipated revised and updated account of the next internet what the Metaverse is what it will take to build it and what it means for all of us A Hudson Booksellers Amazon Guardian Financial Times Economist and ByteDance Toutiao Best Book of the Year In this substantially revised and updated edition of his internationally best selling book pioneering theorist and entrepreneur Matthew Ball goes beyond the hype cycle to present a definitive account of the future of the internet The Metaverse according to Ball's industry shaping definition is a persistent and interconnected network of 3D virtual worlds that will eventually serve as the gateway to most online experiences and underpin much of the physical world As Ball recounts the Metaverse is a thirty year old term and the core ideas and technologies behind it have been in development for nearly a century Only recently however did this fantastical concept begin to leap from the pages of science fiction and depths of national research labs to the forefront of consumer technology industrial engineering healthcare education dating and more From the history of video games and virtual reality to proto metaverses such as Second Life Fortnite and Roblox to Generative AI and the groundbreaking films and television series of the Walt Disney Company Ball points out that the

Metaverse is already emerging around us and doesn't require a headset. Still, there are many breakthroughs required to fully realize the Metaverse, and he describes each in approachable but expert detail. Ball also lays out how governmental policy, the philosophy of Big Tech leaders, artificial general intelligence, economics, and human rights will shape the development of the Metaverse. Famous for his ability to bring clarity to complex and misunderstood topics, Ball demonstrates that the race to build the Metaverse, also known as the spatial or immersive internet, is only accelerating. The Metaverse will endure as an indispensable guide for enthusiasts, tech aficionados, and anyone curious about the profound transformations underway in our increasingly interconnected world.
