Value Realization in the Phygital Reality Market Lin Huang,Biao Gao,Mengjia Gao,2023-08-09 This book is a timely and much needed comprehensive compilation that reflects the development of research on consumption and communication in the conflation of the real and digital worlds bringing together the current state of thinking about the phygital reality market and the cutting edge challenges that are involved In this book the term phygital reality market is used implying that the physical digital and virtual realms are fused into one to recognize and understand the market with multiple or mixed realities The

concept of the phygital reality market captures the new realities that consumers are shopping consuming and living and companies are competing within the physical digital and virtual marketplaces The book covers the research on consumption service and communication in the phygital reality market and compiles the current state of thinking challenges and cases having to do with the acceptance and diffusion of new technologies of phygital reality The interest in the phygital reality market such as omnichannel retailing integrating physical stores and online services has grown hugely over the last two decades particularly since the coronavirus pandemic COVID triggered severe social and economic disruption around the world but has accelerated the acceptance and diffusion of new technologies in the phygital reality market where the physical digital and virtual worlds are conflated Versatile problem solving and new challenges are reflected in the value realization process of innovation in other words widespread acceptance and diffusion of devices or services that embody new technologies The excitement and hype associated with the metaverse have highlighted the need to understand the creation and adoption of new technologies in consumption and marketing recognition of the foundational role of new technologies in driving consumer behavior and marketing theory and practice in value realization as a vital part of the process of digital transformation

Metaverse Investing Clifford Jeff, 2022-02-15 Have you heard about the Metaverse Do you understand its concept and what it is capable of Do you want to get involved now while it is still a fairly new idea The Metaverse can broadly be described as an online virtual environment where users can interact with the computing environment and other users Playing VR games and chatrooms are probably the best examples of this but the Metaverse is ever expanding and is quickly moving on to other areas which will include things like cryptocurrencies NFT s and other investments This book

METAVVERSE The 1 Guide to Conquer the Blockchain World and Invest in Virtual Lands NFT Crypto Art Altcoins and Cryptocurrency Best DeFi Projects seeks to explain this new world in a simple and straightforward way through chapters that provide information on The overall concept of the Metaverse Understanding augmented reality Where NFT s fit with it New business models of the Web 3 0 Real estate investing in the Metaverse Altcoins and cryptocurrencies How to make a profit in the Metaverse Using the Metaverse for networking And more The Metaverse is new and exciting and probably a bit confusing right now But it is also something that has great potential and is more than likely here to stay for the foreseeable future You owe it to yourself to get ahead of the curve and make sure you know as much as you can and METAVVERSE is the book that will provide that information for you What are you waiting for If you want to be one step ahead of the competition click on the bottom Buy Now and Get your copy today

Peer Pedagogies on Digital Platforms Michael Dezuanni, 2020-09-22 How a popular entertainment genre on YouTube Let s Play videos created by Minecraft players offers opportunities for children to learn from their peers Every day millions of children around the world watch video gameplay on YouTube in the form of a popular entertainment genre known as Let s Play videos These videos which present a player s gameplay and commentary offer children opportunities for interaction and learning not available in traditional television

viewing or solo video gameplay In this book Michael Dezuanni examines why Let s Play videos are so appealing to children looking in particular at videos of Minecraft gameplay He finds that a significant aspect of the popularity of these videos is the opportunity for knowledge and skill exchange Focusing on Let s Play practices the videos themselves and fans responses Dezuanni argues that learning takes place through what he terms peer pedagogy a type of nonhierarchical learning that is grounded in the personal relationships fans and players feel toward one another Moreover the Let s Play platform is part of a larger digital ecosystem that enables children to learn from one another in unique ways Dezuanni explores how Let s Players enable learning opportunities examining digital literacies the Let s Play genre and peer pedagogies He then presents case studies of three successful family friendly Let s Players of Minecraft Stampylonghead StacyPlays and KarinaOMG microcelebrities in a microindustry Dezuanni analyzes the specific practices and characteristics of these players paying particular attention to how they create opportunities for peer pedagogies to emerge
