*Futures Trading* Andrew Rich, 2019-12-05

Trading can be one of the most financially rewarding professions around. There is no other profession around like trading. It can also break down your character, scatter your blood pressure and leave you completely broke. The good news is through careful research, relentless work ethic and adjustable plans, trading is a tamable beast. In order to succeed in trading, you have to begin to develop a strong thirst for information and knowledge. It begins by carefully conducting an honest self assessment. Knowing what is expected and being able to shift your attitude and work ethic so you can be prepared to handle brutal market moves. Losses are and will always be a part of trading. So being able to limit them without going completely insane is key. By having the sufficient capital that you are not afraid to lose will help ensure your trading is smoother and more controlled. It's not always good to be in the market or in a trade. Understanding how, why and when the market moves will make you aware of when to avoid trading. Knowing basic market functionality from simple concepts to complex market orders can help you gain an edge in the long run. Solid liquidity, low costs and speed are essential to being a quick and efficient trader. It is vital to understand the best securities to trade and where to trade them. All financial instruments trade differently and sometimes they flow together. Seeing how instruments behave during different times will help you see their predictability. Will there be a new paradigm for trading within the next few years? With the evolutionary changes in market technology every day, people can't argue with the fact that markets are indeed evolving by the second. Technology that was once available to only exchanges and institutional traders is now at the fingertips of anyone with enough funds to open a trading account. Powerful computers, internet faster than the blink of an eye, electronic markets and direct access trading have made trading possible for more people than ever before. This book is meant for anyone who has ever had a strong interest in Futures trading. From beginner to expert, this book aims to go through the depth of financial markets in order to help you understand how markets behave and to hone your own personal trading strategy. This book gives a comprehensive guide on the following: How to start trading, Futures contract codes, sizes and trading months, Futures spread trading, Know your products, Which market to trade and with which broker, When to trade and when not to trade, Technical analysis, Utilizing binary options, Comparing and combining models, Performance visualization and combinations, Developing trading models, Trading psychology, Why is leverage riskier, Entries and exits, AND MORE. Markets will fall and markets will rise, it is within their very nature. Prepare yourself by learning all there is to know about the markets. Equip yourself with the full and complete knowledge of the markets before you decide trading is for you.

**Self-Directed Currency Trading for Beginners** J.R. Penger, Trading is challenging for most people because they simply don't have information tools or confidence to become successful. This book is important for beginners.

because it tells it like it is and gives an inside look at trading the financial markets giving you the reality on what the live market is really like the way they are really run and tells you who runs them and what you need to do as a self directed beginner to survive in them Let s face it it s a well known fact that 97% of brand new self directed investors and traders fail and lose all of their money why does this happen It happens because brand new self directed traders enter into this business with a bunch of misguided grandiose ideas of making a million dollars from trading and while you can surely make millions of dollars from trading you would need to be using hundreds of millions of dollars of capital to do so no joke As a brand new self directed trader you have no idea of the brutality and volatility that goes on in the live markets on a daily basis and that there are people in the live markets who will walk over dead bodies to get paid so make no mistake as a beginner and think you can go in the live market and beat them you can t What you can do though is properly prepare yourself to trade with the best traders in the world and get paid right along with them instead of paying them Once you have completed reading this entire book you will have a chance at competing with the best professional traders on the planet The information in this book will put you on the fast track to being able to make an unlimited income for yourself and becoming consistently profitable enough from trading the financial markets to perhaps even making a living from doing it isn t that the type of business you would like to be in
