Apply the proven First Aid formula for exam success. This review is intended for residents and pediatric practitioners but it also would be useful for medical students on pediatrics rotations. The book covers all topics in pediatrics. Genetics, nephrology and neonatology are covered well as is gastroenterology. It uses charts and tables for high yield and intense studying. 3 Stars Doody's Review Service. This is the new edition of the physician to physician step by step guide to passing the pediatrics board exam. Written by veteran First Aid editor Tao Le and a team of former residents from Johns Hopkins University who recently took the exam. This book covers what to expect on the exam, how to register and succeed, and must know high yield facts. Features new to this edition include a full color photo insert and mini cases that frame clinical discussions for better retention. The summary of high yield facts make it the ideal last minute review book. Features: Easy to remember summaries of the most frequently tested topics. Hundreds of high yield algorithms, clinical images, tables and illustrations. Margin notes reinforce must know information. Mnemonics and clinical pearls make learning and memorization fast, fun and easy. Mini cases highlight commonly tested patient presentations and scenarios. 12 pages of full color images. Resident tested tips on how to register, prepare for and ace the exam. Completely revised based on reader feedback so you know you are studying the most up to date and relevant material possible. A true insider's guide for in-service boards and recertification.
