Met Al Mijn Bloed Heb Ik Voor U Geleefd Herman Gorter 1864-1927:

Western Marxism and the Soviet Union Marcel van der Linden, 2007-06-30 The Russian Question was an absolutely central problem for Marxism in the twentieth century Numerous attempts were made to understand the nature of Soviet society The present book tries to portray the development of these theoretical contributions since 1917 in a coherent comprehensive appraisal It aims to present the development of the Western Marxist critique of the Soviet Union across a rather long period in history from 1917 to the present and in a large region Western Europe and North America Within this demarcation of limits in time and space an effort has been made to ensure completeness by paying attention to all Marxist analyses which in some way significantly deviated from or added to the older theories The Dutch and German Communist Left (1900-68) Philippe Bourrinet, 2016-11-01 The Dutch German Communist Left represented by the German KAPD AAUD the Dutch KAPN and the Bulgarian Communist Workers Party separated from the Comintern 1921 on questions like electoralism trade unionism united fronts the one party state and anti proletarian violence It attracted the ire of Lenin who wrote his Left Wing Communism An Infantile Disorder against the Linkskommunismus while Herman Gorter wrote a famous response in his pamphlet Reply to Lenin The present volume provides the most substantial history to date of this tendency in the twentieth century Communist movement It covers how the Communist left with the KAPD AAU denounced party communism and state capitalism in Russia how the German left survived after 1933 in the shape of the Dutch GIK and Paul Mattick s councils movement in the USA and also how the Dutch Communistenbond Spartacus continued to fight after 1942 for the world power of the workers councils as theorised by Pannekoek in his book Workers Councils 1946 *Anton Pannekoek: Ways of Viewing Science and Society* Chaokang Tai, Bart Steen, Jeroen Dongen, 2025-10-01 Anton Pannekoek 1873-1960 prominent astronomer and world renowned socialist theorist stood at the nexus of the revolutions in politics science and the arts of the early twentieth century His astronomy was uniquely visual and highly innovative while his politics were radical Anton Pannekoek Ways of Viewing Science and Society collects essays on Pannekoek and his contemporaries at the crossroads of political history the history of science and art history **Janus at the Millennium** Thomas F. Shannon, Johan P. Snapper, 2004-05-26 This volume contains a selection of articles originally presented at the Tenth Interdisciplinary Conference on Netherlandic Studies These revised contributions relating to the common theme of Janus and the perspective of time examine Dutch language and culture from the U S Belgium and the Netherlands Tijdschrift van de Koninklijke Vereniging voor Nederlandse Muziekgeschiedenis Koninklijke Vereniging voor Nederlandse Muziekgeschiedenis, 2006 **Dutch Literature and Culture in an Age of Transition** Thomas Frederic Shannon, Johan P. Snapper, 2007 **The Many Faces of Evolution in Europe, C. 1860-1914** Patrick Dassen, M. G. Kemperink, 2005 The idea that the world not only of man but also of nature was subject to a continuous process of change has taken strong root since the beginning of the nineteenth century In 1859 Charles Darwin demonstrated that these changes were the result of

immutable eternal laws although everything was subject to change it was only in accordance with these laws from the second half of the nineteenth century down to the First World War this vision of change and determination was interpreted in many different ways both pessimistically and optimistically It is striking that a fear of degeneration often went hand in hand with a belief in an upward evolutionary process and was not confined to any particular political spectrum This volume number XIV in the series contains the papers presented at a workshop on the reception and interpretation of the theory of evolution organised by the editors in April 2003 It covers the many often irreconcilable faces of the theory of evolution concerning not only the concrete substantive interpretation but also the many different fields of late nineteenth century thought by concentrating on cultural life in the broadest sense political social scientific and artistic both literature and the visual arts This volume illustrates the versatility of the concept of evolution and of degeneration as well with the emphasis on the Netherlands It not only presents the contradictions and many sidedness of the post Darwinian world but also the continuity with the world before 1860 Moreover it reveals one clear co ordinating theme namely that the theory of evolution was used as justification for many different ideologies and practices

Encyclopaedia Judaica Fred Skolnik, 2007 Provides an exhaustive and organized overview of Jewish life and knowledge from the Second Temple period to the contemporary State of Israel from Rabbinic to modern Yiddish literature from Kabbalah to Americana and from Zionism to the contribution of Jews to world cultures

Russia and the Low Countries Roger Tavernier, 2006 This bibliography contains everything that has been published in the West except from Russia about the relations between the Low Countries Belgium and the Netherlands and Russia in every Western language P 4 of cover

Mededelingen ... vanwege het Spinozahuis, 1993

Het verloren paradijs M. G. Kemperink, 2001 Het fin de si cle was een tijd waarin men geneigd was de werkelijkheid met een polariserende blik waar te nemen In de perceptie en in de literaire representatie van de wereld bestonden de dingen vooral bij de gratie van hun tegendeel Ook in de mens zelf maakte dit dualisme zich op een hardhandige manier kenbaar De behoeften van het lichaam en de verlangens van de ziel vielen niet met elkaar te verenigen De universele harmonie zoals Adam en Eva die in het paradijs hadden gekend leek grondig verstoord Tegelijk was er een hevig verlangen om die harmonie op een of andere manier te herstellen om de dingen weer in n groot verband bij elkaar te krijgen en daarmee de zo pijnlijk ervaren verscheurdheid te helen De literatuur heeft op een specifieke manier gestalte gegeven aan de angsten en verlangens die er toen bewust en onbewust leefden zoals de angst voor degeneratie en het verlangen naar universele broederschap Het boek laat zien welke angsten en verlangens er op een meer of minder verborgen manier gestalte hebben gekregen in de Nederlandse literatuur van het fin de si cle en vanuit welke bredere cultuurhistorische context die begrepen kunnen worden Hierdoor krijgen tot dusver verborgen signalen betekenis en kunnen ze begrepen worden in relatie tot de belevingswereld van die tijd Het verloren paradijs is zeker niet alleen bestemd voor specialisten maar voor iedereen die belangstelling heeft voor de periode rond 1900 Het boek is toegankelijk geschreven zonder onnodig vakjargon niet in de laatste plaats met het
