Methods For Matthew Methods In Biblical Interpretation:

Methods for Matthew Mark Allan Powell, 2009-07-27 *Methods for Matthew* offers a primer on six exegetical approaches that have proved to be especially useful and popular. In each case a prominent scholar describes the principles and procedures of a particular approach and then demonstrates how that approach works in practice applying it to a well known text from Matthew's Gospel. *The Restoration of Messianic Hope* Brian Main, 2025-06-25 The New Testament portrays the apostles as placing great emphasis on Jesus' resurrection in their preaching and teaching. This emphasis is often lacking however in contemporary preaching and teaching. If Jesus' resurrection is to regain the centrality it held in the apostolic age its significance must be understood. In this study Brian Main attempts to understand the significance of Jesus' resurrection in the Gospel of Matthew. Since Jesus' resurrection is the proper conclusion of the story in Matthew it is necessary to understand what the story is that it concludes. By analyzing the characters, settings, plot and point of view in Matthew 1:1-4:11 as well as those in the resurrection narrative 28:1-20 Main and his readers come to grasp the expectations that Matthew's audience develops as that story unfolds. As readers understand those expectations they will gain a better appreciation of what was at stake when Jesus experienced opposition and therefore of what was restored and guaranteed by his resurrection.

Dictionary of Biblical Interpretation: K-Z John Haralson Hayes, 1999 The Language and Literature of the New Testament Lois Fuller Dow, Craig A. Evans, Andrew W. Pitts, 2016-11-28 In *The Language and Literature of the New Testament* a team of international scholars assembles to honour the academic career of New Testament scholar Stanley E. Porter. Over the years Porter has distinguished himself in a wide range of sub-disciplines within New Testament Studies. The contents of this book represent these diverse scholarly interests ranging from canon and textual criticism to linguistics, other interpretive methodologies, Jesus and the Gospels and Pauline studies. **Studies in Matthew's Gospel** W.J.C. Weren, 2014-08-28 These *Studies in Matthew's Gospel* by Wim J. C. Weren are the result of scholarly work carried out using recent methods in Biblical exegesis such as structural analysis, text semantics and intertextuality. Part One presents a new proposal regarding the macrostructure of Matthew's Gospel and discusses meanings of textual units from this Gospel on the basis of synchronic research. In Part Two intertextual theories are described and practical tools are developed that enable us to identify various types of relations between texts from Matthew's Gospel and co-generic or co-thematic textual units from the Hebrew Bible, the Septuagint and early Jewish and early Christian writings. Part Three answers the question to what extent the ways in which the disciples are portrayed in Matthew is related to real groups in the Matthean communities. The three successive steps are deliberately chosen and are in a complementary relationship to each other. **An Illustrated Commentary on the Gospel According to Matthew** Lyman Abbott, 1875 *Introduction to Biblical Interpretation* William W. Klein, Craig L. Blomberg, Robert L. Hubbard, Jr., 2017-03-28 *Introduction to Biblical Interpretation* now in its third edition is a classic hermeneutics textbook that sets forth concise logical and practical guidelines for discovering the truth in God's

Biblical Hermeneutics Milton Spenser Terry, 1883 **Hilary of Poitiers, A Study in Theological Method** G. M. Newlands, 1978 Hilary of Poitiers is perhaps the most neglected of the great Patristic theologians In particular there has been little detailed analysis of the biblical interpretation which provides the central strand of his theological method His work on St Matthew is almost the first extant commentary in the Latin West It is analysed here with a survey for the first time of the growth of the commentary as a literary form The relation between exegesis and theological method in his later work on the Trinity and the Psalms shows the development of his techniques and their theological consequences The concluding sections provide a critical evaluation of the role of Patristic material in contemporary theology with reference to the still intractable problem of the precise use of the Bible in theology

Methods for Luke Joel B. Green, 2010-02-26 In *Methods for Luke* four leading scholars demonstrate how different interpretive methods

provide insight into the Gospel of Luke Introducing contemporary perspectives on historical criticism feminist criticism narrative criticism and Latino interpretation they illustrate these approaches to New Testament study by examining either the Parable of the Rich Man and Lazarus Luke 16 19 31 or Jesus warning regarding the scribes and the story of the women with two small coins Luke 20 45 21 4 The use of two set texts enables readers to understand how method makes a difference in the reading of the same text *Theological Encyclopædia and Methodology: Introduction and exegetical theology* Revere Franklin Weidner, 1898 *Journal of the Society of Biblical Literature and Exegesis* ,1893 *Journal of Biblical Literature* ,1896 **According to Promise, Or, The Lord's Method of Dealing with His Chosen People** Charles Haddon Spurgeon, 1895 **Ethics of Biblical Interpretation** Daniel Patte, 1995-05 Daniel Patte argues here that when male European American scholars interpret the Bible to produce a universally legitimate reading they silence the Bible itself Their reading practices exclude feminist African American and other so called minority readings as well as the interpretations of conservative and liberal laity He further claims that ethical accountability requires recognizing that all exegesis consists of bringing critical understanding to ordinary readings especially faith interpretations Patte concludes that biblical studies must affirm the legitimacy of diverse ordinary readings and lead to an open discussion of the relative value of these readings
