The Grass Lark , It is remarkable how persistent a minor writer may be He may lack the large vision and universal message of the great writer but instead possess a clear true intense view of particular places peoples and situations that renders his work unique and irreplaceable Lafcadio Hearn 1850-1904 is such a figure in American literature Best known as a scholar of Japanese culture Hearn was a remarkable journalist translator travel writer and perhaps second only to Poe in the literature of the macabre and supernatural Hearn s life as strange and colorful as his work is brilliantly recounted in Elizabeth Stevenson s sensitive and sympathetic biography The range of Hearn s writing is reflected in the peripatetic course of his life The son of an Irish father and a Greek mother he was born on the Ionian island of Leucadia was raised in Dublin and came to America at the age of nineteen His early career was spent as a journalist Without a trace of condescension or pity he entered into the lives of the dock workers of Cincinnati the Creoles of New Orleans and Martinique and later the common villagers of Japan describing how they lived and worked and what they believed No mere seeker after the exotic Hearn s immersion in Japanese culture following his emigration in 1890 was born of a profound affinity of mind and sensibility In Japan the clarity and force of his expression matured Here Hearn found a beautifully ordered artistically sensitive society but one indifferent to individualism In later years he saw a society also increasingly susceptible to modern forces of authoritarianism militarism and xenophobia Horrified by the dehumanizing potential of these forces in East and West alike Hearn remained acutely sensitive to the most minute experience His study of Japanese folklore and his retelling of its tales and ghost stories combine insight into the universals of the larger human world with an exquisite appreciation of how small things matter Elizabeth Stevenson s book is as much about the writer as the man While giving an accurate measure of the scale of Hearn s achievement she makes a compelling case for its artistry Her reading demonstrates that his writings are not mere aids to the understanding of various cultures but ends in themselves Hearn did not just translate the folklore of other cultures he recreated it The Grass Lark will interest literary scholars American studies specialists and folklorists Elizabeth Stevenson held a variety of positions during her working life She found a home at Emory University and retired as Candler Professor of American Studies in its graduate division The Institute of the Liberal Arts She is the author of Henry Adams and Babbitts and Bohemians both available from Transaction      *The Midland Monthly* ,1898      Warren Commission: Complete Investigation & Commission's Report President's Commission on the Assassination of President Kennedy - U.S. Government,2019-07-04 The President s Commission on the Assassination of President Kennedy known

Giacalone,Paul Rosenfeld,2013-04-15 Impression management theory has been popular in sociology and social psychology for many years This volume offers the first comprehensive application of impression management theory to organizational settings Researchers and practitioners in organizational settings have recently been using this theory as an explanatory model to focus on the roles and identities that social actors utilize in interpersonal situations The theory of impression management provides a framework for the techniques and strategies people use in order to look good as well as the excuses and justifications they employ to avoid looking bad     **The American Monthly Microscopical Journal** ,1894     *Impressions of France* John House,Ann Dumas,Jane Mayo Roos,James F.
